PLANT EMLONG'S SENSATIONAL

# BRILLIANT

**SUPER-BEARER**  
**7000 QUARTS PER ACRE**

## EVERBEARING STRAWBERRY

### MATCHLESS QUALITY and FLAVOR

No other everbearer can equal "Brilliant's" amazing production record — 2,000 quarts more per acre than any other variety tested! Never have we seen a Strawberry that charmed us so with its live glistening beauty! "Brilliant" berries are so bright and appetizing you can almost taste them before they reach your lips.

### RIPE BERRIES IN 6 WEEKS

"Brilliant" is the quickest berry maker you ever saw! The plants are so thrifty and vigorous the very first blossoms can be left on to bring you perfect berries just a few weeks after the plants are set out. Give "Brilliant" a trial — a few short weeks will convince you that it really is supreme in every respect.

**EMLONG NURSERIES, Inc.** Stevensville Michigan

Premier

# Premier EARLY

## The Dependable Strawberry

265. The best selling Strawberry from coast to coast. It is one of, if not the earliest berry to bear, yet resisting frost. The picking is best before other commercial varieties come into bearing, thus bringing "first-of-the-season" high prices. Plants are thrifty, vigorous growers and make a good fruiting row. The foliage is tough and healthy, covering and protecting the blooms and shielding them from frost. Premier starts to ripen early and continues bearing heavily all through June.

The berries are uniformly large; long, pointed in shape and bright scarlet-red; have a super-delicious flavor. Can be trucked long distances and still look fresh, bright and very appetizing. Wonderful for fancy dessert and canning. Perfectly self-pollenizing; drought-resistant. **Set plants in April and May. They will bear next year.** Ready to ship after April 1.

\$1.45	\$2.60	\$3.50	\$6.75	\$9.75	\$17.00	\$32.00

## Dunlap Old Favorite

245. Dependable midseason to late Strawberry which stands coldest and warmest climates and poorest soils. Plants are medium in size, long rooted, extremely vigorous, free from disease, and will make more plants than any other variety grown in the midwest. Plants make a solid fruiting row, and bear medium size, very dark red berries that are honey-sweet. Richest flavored in the Strawberry family. Favored for preserving, jam, jelly, etc. Self-pollenizing. Very productive.

## Superfection

### A LEADING EVERBEARER

230. In just 12 weeks after planting you will get big, juicy, richly flavored red berries from your Superfection plants. Berries are firm, do not discolor after picking, and keep exceptionally well. Superfection has proved to be rugged and hardy in Northern Michigan; withstands adverse weather conditions. Plants set in April or May will have ripe berries by August this year. Don't delay, order your plants today.

260. An outstanding variety that is sweeping the country. Kardinal King has created something of a sensation with its record breaking crops. The best late Strawberry. It starts to bear after Premier and continues through the late berry season, prolonging your berry profits. The plants grow large, making wide fruiting rows and producing record breaking crops. The fruits are large, solid red, luscious and full of good flavor. A full-flavored, richly sweet and juicy berry favored for table use, jam, jellies, and freezing. Also praised for its high shipping quality. They retain their quality long after being picked and may be shipped long distances without harm. Thrifty, strong, hardy grower. The foliage is dark and is free from leaf troubles; will thrive and produce a crop of berries even on rather poor soil. Give Kardinal King a trial and be convinced of its superior qualities as the perfect variety both for home and commercial use.

## EVERBEARING STRAWBERRY

**EXCELS IN GROWING, BEARING  
AND TASTE TEMPTING FEATURES**

### STANDS EVERY TEST

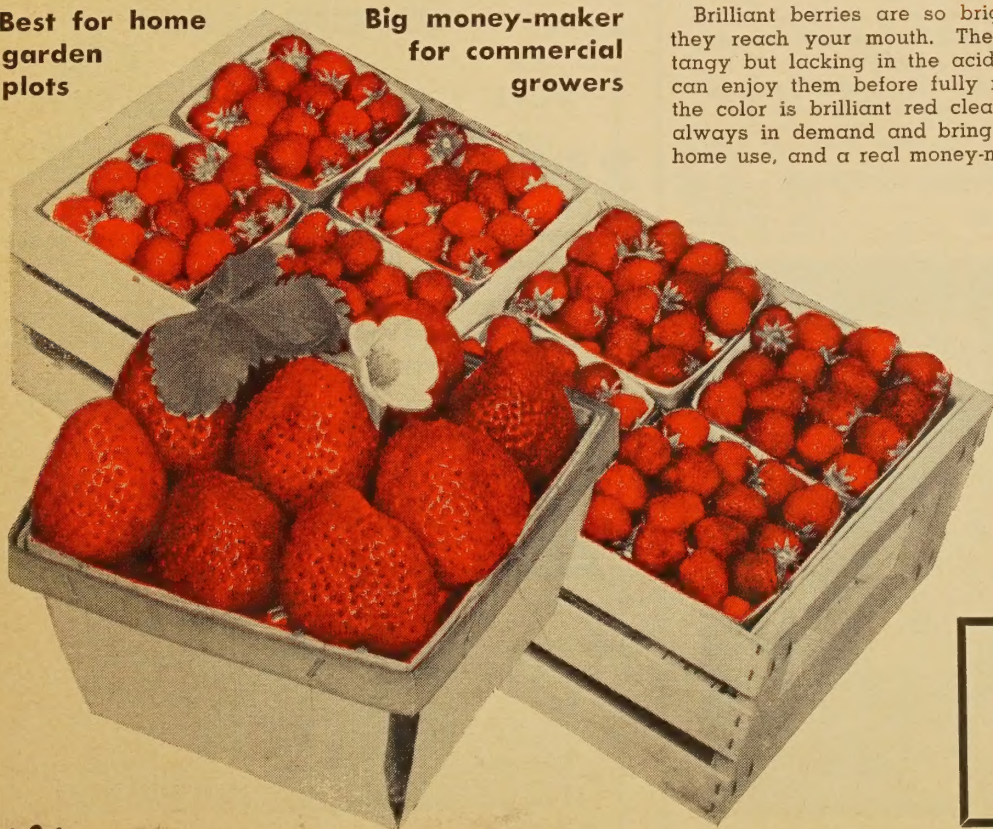

New Brilliant is, without doubt, the most amazing Everbearer we have ever seen. Where many varieties fail due to droughts or excessive rains, Brilliant will thrive and continue to produce its usual enormous load of fine fruit. Being a product of the far North, the plants are very hardy and will succeed under most unusual handicaps. We have seen them do equally well on thin, sandy soil, heavy clay and raw muck. On fertile, sandy loam their vigor is almost unbelievable.

### BIG YIELDS 7000 QUARTS PER ACRE

Out of tests made with several new and many old everbearing varieties, Brilliant won all records for BIG YIELD and PERFECT BERRIES. Brilliant achieved the amazing production record of 7000 quarts of berries per acre — 2000 quarts more per acre than any other variety tested. It is the only everbearer that makes a solid fruiting row against all odds of weather, and keeps fruiting steadily all summer and fall. Brilliant is a 100% perfect polenizer and matures every berry to full size, uniform shape and even color. You get 40% greater yield from your acreage when you plant Brilliant!

**Best for home  
garden  
plots**

**Big money-maker  
for commercial  
growers**

Brilliant berries are so bright and appetizing you can almost taste them before they reach your mouth. The flavor is an outstanding accomplishment — rich and tangy but lacking in the acidity so common in everbearers; so tasty and juicy you can enjoy them before fully ripe. The flesh is of firm texture and solid throughout; the color is brilliant red clear through. Brilliant berries are so attractive, they are always in demand and bring top prices on the market. A superior berry for every home use, and a real money-maker for the commercial grower.

### MATCHLESS QUALITY & FLAVOR

### TRY BRILLIANT

#### Ripe Berries in 6 Weeks

Brilliant is the quickest berry maker you ever saw! The plants are so thrifty and vigorous, that unlike other everbearers, the very first blossoms can be left right on to bring you perfect berries just a few weeks after the plants are set out. And they keep right on bearing big, luscious, perfect berries continuously all season.

Give these SUPER-BEARERS a chance to work for you this year! Grow all the berries you want for home use and supply your local market through the fall months — at a nice profit. Get the most from your soil this year by planting Brilliant this spring. Order your plants now.

# New **RED RICH**

(Plant Pat. No. 993)

## EVERBEARING STRAWBERRY

**Up to a Quart of Berries per Plant**

225. You've never seen plants so **BIG** and so **VIGOROUS**, or berries so **RICH** in bright **RED** color clear through to the core! Flavor? Ummm! One bite will convince you New **RED RICH** is the sweetest berry grown!

Developed by the University of Minnesota, **RED RICH** is the result of a cross between Wayzata everbearer and Fairfax. It combines the best qualities of both—big, firm berries and wonderful honey-sweet flavor that made Wayzata famous; coupled with thrifty growth, heavy yield and the good plant-making ability of Fairfax.

### BEARS ALL SUMMER

**RED RICH** ripens its first berries in June and keeps right on giving you heavy yields all summer right through to fall. Big, luscious berries with a firmness clear through that holds up exceptionally well in storage or shipping.

### Freeze Them Whole – Little Sugar Needed

**RED RICH** is unsurpassed for freezing. Possesses such an abundance of natural sugar, very little or none at all need be added. Freeze them whole! Red Rich retains its firm flesh texture and won't mush-up when thawed. You'll get wonderful desserts all winter long from your Red Rich berries.

### Plant By New Method – Get Bigger Yields

Each Red Rich plant shipment carries new "Space System" planting instructions. Be sure to follow these carefully and you'll be delighted with the results.

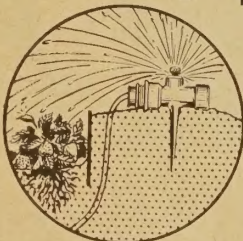

Commercial growers and home gardeners alike can profit by planting Red Rich. Supply is limited so order today.

TESTED—PROVEN—ACCEPTED

## JUMBO (Trade Mark)

### Largest Strawberry Grown

255. This exceedingly vigorous grower produces large quantities of berries which are extra large and the flavor is mild and sweet. Plants are strong, vigorous and very healthy; makes an excellent fruiting row. Berries are firm and solid and when fully ripe they are a very dark red. Berries may be picked when they reach the color of Premier, or allowed to remain on the plant until completely ripe. Not quite so early as Premier. Proven to be one of the heaviest yielding strawberries known and also a good plant maker. Berries are of good quality and the flavor unsurpassed. Due to its firmness and color Jumbo is a very good shipper; keeps exceptionally well. Especially good for preserving and home freezer.

\$2.15	\$3.50	\$6.00	\$13.50	\$22.50

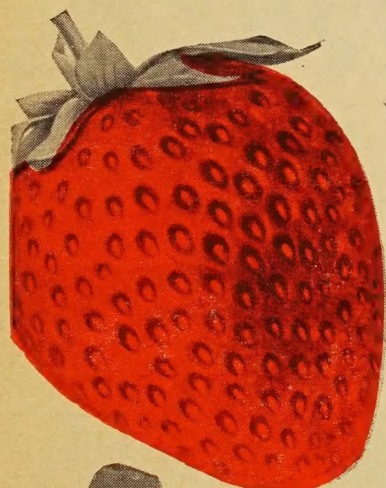

## 20th CENTURY A Fine Everbearer

215. An outstanding everbearer; second only to Brilliant, it is superior in size, quality and vigor of plant to other everbearers. It makes vigorous growth with exceptionally heavy producing ability. Fruit is uniform in size and a rich red coloring all the way through. It is very firm, making it an excellent berry for distant shipping. Flavor is real honey-sweet. One of the best for freezing, jams and jellies. By all means, try this fine everbearer!

Jumbo

## ARMORE Commercial Leader

235. Armore is one of the finest of the new varieties of strawberries that has been introduced in the last 20 years. Armore is the result of years of testing by the Missouri Experiment Station. Tests have proven Armore produces more fruit of larger size and better color than any other of the new sorts. Unrivalled for flavor—unbeatable for sugar sweetness. Excellent shipped because the berries are firm and solid. It is perfect flowering. The plants are large and make a fine picking row on light soil. Berries maintain their size through the entire picking season. Already a big favorite with commercial growers. Best bet for a late strawberry. For quality berries, try Armore this season.

## CATSKILL Excellent for Freezing & Eating

240. It is now generally recognized as one of the best of the midseason to late varieties. This popularity is due to the fact that it will produce more quarts of large berries than any other variety. It is a sure cropper, as it ranks next to Premier in this respect. It rarely ever freezes. Fruit is bright shiny red, the berries hold their color very well, and when they are carefully packed they present a very attractive appearance. The foliage of the plant is rich, waxy in appearance, and the fruit is produced on long picking stems.

## CLUSTER BEAUTY New and Tasty

250. Cluster Beauty is a new strawberry that is even better than the popular Premier. The first berries ripen earlier than Premier and still produce berries after the Premier is gone. Produces nearly twice as many berries as other varieties in the same season. Berries are large and regular in size, the color is scarlet red with a light red center. Excellent for fancy dessert, canning, freezing or jam. Don't delay, order now!

## You're Always Welcome at Emlong's

Our main office, storage buildings and beautiful display gardens are located right on U.S. 12, near St. Joseph, Mich. — only 90 miles from Chicago. You are cordially invited to visit us at any time. We also have a garden center between Niles, Mich., and South Bend, Indiana, on U.S. 31, ½ mile north of Indiana State line.

We extend a most cordial welcome to you, our customers, to visit our nursery at any time and look "behind the scenes at Emlong's." Our big, modern home office building houses a large staff of office workers, among them plant propagators and landscape experts, who will be glad to answer questions and advise you concerning your planting problems.

### Soil and Climate, Plus Experience and Modern Methods Produce Emlong's Top Quality Nursery Stock

Both soil and climate here in the fruit belt are ideal for producing strong, hardy plants and trees. However, it takes more than these two elements to produce Emlong's top quality nursery stock. We employ skilled nursery help, and men who are experts in the many operations of growing fine trees and plants. We use the most modern equipment, much of it developed to fit our particular needs. You will find that trees and plants grown the Emlong way will thrive anywhere in the temperate zone if transplanted at the proper time.

We keep in touch with the latest scientific developments in growing and caring for nursery stock, working closely with our State Department of Agriculture, and also with the large chemical and insecticide companies, who run experiments here at our nursery. This enables us to grow better nursery stock more economically so that we can furnish our customers with top quality nursery stock at fair prices.

### We Return All Papers

All papers pertaining to your orders will be returned to you when the order is acknowledged. Do not destroy them. If it becomes necessary to write us AT ANY TIME in regard to your order, be sure to return everything, including correspondence, original order and shipping tags. It is not necessary to return planting instructions.

### WE PAY POSTAGE ON MOST ITEMS

You will please note that most items listed in our 1954 Spring Catalog are delivered to you postpaid, and are so listed. This saves you money.

There are, however, some items that are too large to ship by parcel post, such as fruit trees and shade trees. There are items such as hedge plants and some varieties and quantities of berry plants that are listed at such a low price for the high quality of stock that we cannot afford to pay the shipping charges. These items are shipped to you transportation charges collect.

In some orders there are trees which must go by express, and also some stock which would ordinarily go by parcel post. In order to avoid making two separate shipments, we send the entire order by express. For this privilege we include extra stock which has a greater value than the amount of the extra transportation charges. When selecting this extra stock for you, we choose items that fit in with the other items on your order.

**References:** We refer you to the Farmers & Merchants National Bank, Benton Harbor, Michigan; Postmaster and Express Agent at Stevensville, Michigan; Merchants Credit Bureau, Benton Harbor, Michigan; and Dun and Bradstreet.

## GUARANTEE

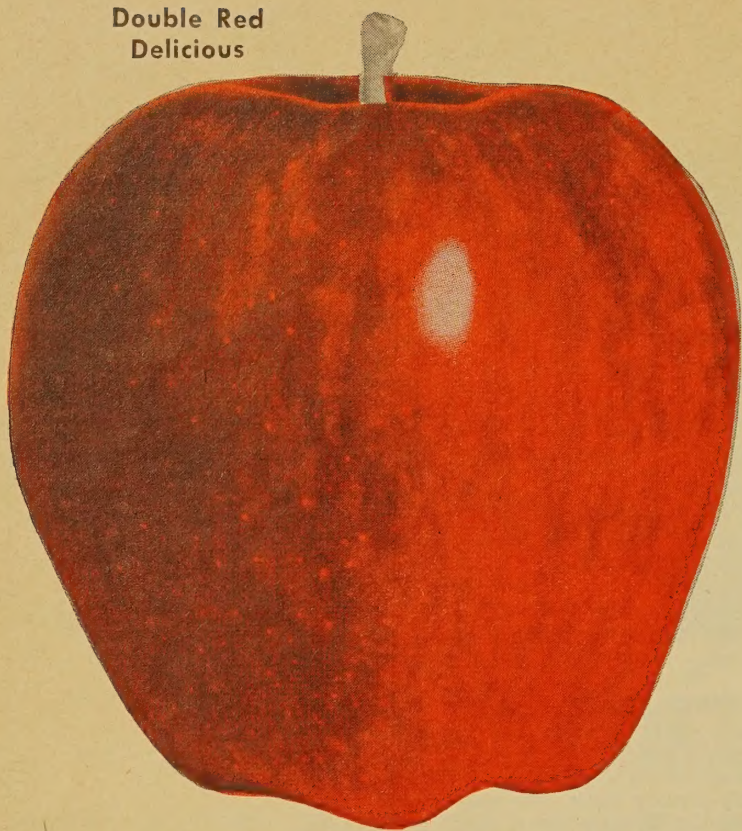

(1) — Emlong's guarantee everything to reach you in finest growing condition. If found to be otherwise, make damage claim within 3 days after receipt of stock and we will replace damaged items free.

(2) — Emlong's guarantee all stock to grow and live. If anything fails, report such loss to us within 60 days, or not later than July 1st. We replace during the next planting season. Half price replacements from July 1 to September 1. The nursery is not responsible for losses caused by unfavorable weather or improper planting care.

(3) — Emlong's guarantee everything to be true to name. If found to be otherwise, we will replace free upon due proof of untruthfulness.

Double Red  
Delicious

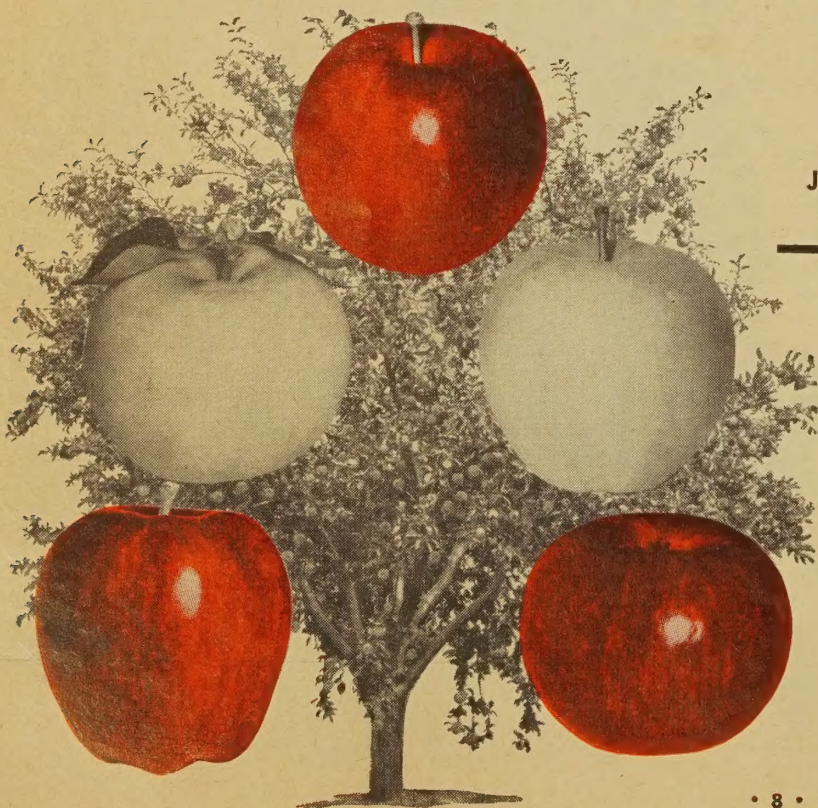

322. **TURLEY WINESAP.** The best keeper of the solid all-red winter Apples. Ripens earlier than other Winesaps; colors on the tree to a bright, rich all-over red. Fruit is large, uniform and firm; flesh has excellent flavor, crisp and juicy. In big demand for shipping, storage, for drying, cooking and eating fresh. A perfect all-around Apple. Trees are thrifty and hardy, produce big crops every year.

308. **YELLOW DELICIOUS.** Queen of the late fall eating Apples. Similar in shape and size to Red Delicious, but color is golden yellow. Flesh is firm, crisp and juicy and deliciously flavorful. The big, richly fragrant, golden fruits are considered the finest of yellow Apples. Keep exceptionally well all winter without becoming mealy. Our large fruiting strain bears young and abundantly.

## PLANT EMLONG'S Superior Northern Grown

### WINTER APPLES

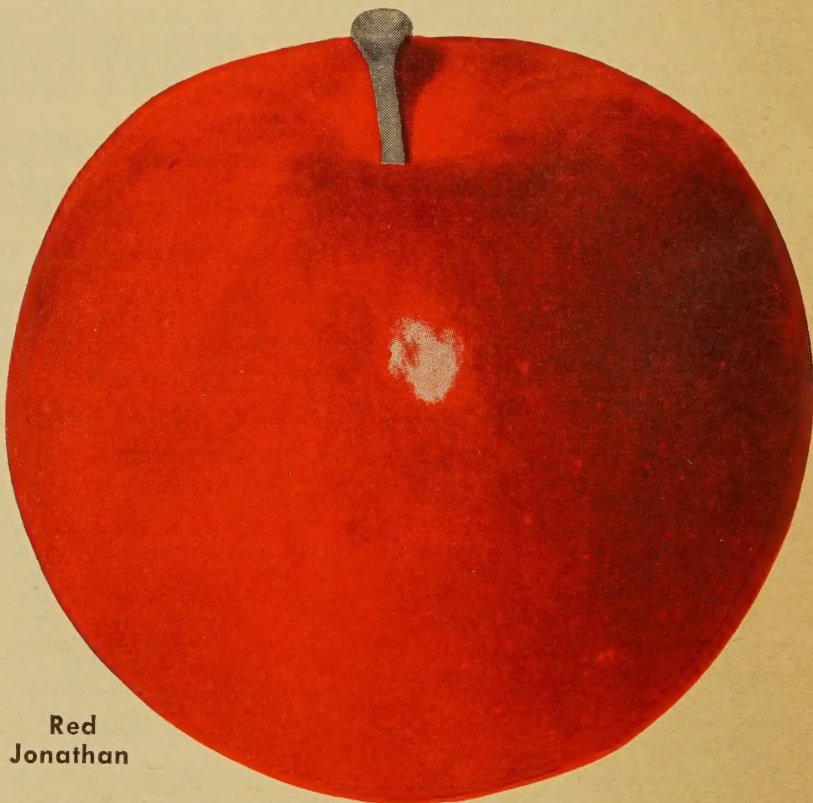

306. **DOUBLE RED DELICIOUS.** Truly King of the winter eating Apples. Very fine solid red strain of Delicious, resembling its parent in all characteristics except color. Ripens in October. Excellent shipper and keeper. A big seller from coast to coast.

312. **GRIMES GOLDEN.** A winter Apple of outstanding good flavor. Waxy, yellow-skinned, uniform Apples; wonderful shipper. Flesh is very firm and does not bruise easily. In great demand for drying, baking and pies. Trees are hardy and prolific.

320. **RED ROME BEAUTY.** An all-red strain of the old Rome Beauty. Highly prized for baking purposes. Trees are vigorous growers and yield heavy crops of large, evenly colored Apples that keep extremely well all winter.

314. **RED JONATHAN.** The favorite, large, red Jonathan so popular with commercial growers. Flavor makes fruit desirable for eating fresh and for cooking. Flesh is crisp, white and juicy. Trees bear young and are very productive and long lived.

318. **RED NORTHERN SPY.** Dressed up in its new bright skin, the old hardy favorite retains its famous quality and flavor. Large fruit, firm in flesh and skin, it keeps wonderfully well in storage. Very much a favorite for drying, baking, cooking, pies and freezing.

Red  
Jonathan

## 5-in-1 APPLE TREE

### Five Leading Varieties on One Tree

612. Here is the opportunity for those with a limited amount of space to have five varieties of apples all on one tree — a miniature orchard in itself! Five kinds of apples that bear from summer through to winter, giving you a continuous supply of large, deliciously flavored apples for eating fresh, baking, pies, canning and every home purpose.

The trees are healthy, hardy and vigorous growing, and yield abundantly every year. Each tree is budded to the following varieties: **Yellow Delicious, McIntosh, Red Jonathan, Grimes Golden, Cortland.**

	Each	2	4
• 8 • 4-6 ft. trees.....	\$3.25	\$6.00	\$11.50

# "Pride O' Mich" HEALTHY APPLE TREES

## SUMMER APPLES

**ANOKA. 302. Quickest to Bear.** No long waiting for fruit. Anoka ripens in midsummer and usually starts bearing the year after trees are set out. Medium sized, greenish red fruit. Excellent to eat fresh and makes wonderful pies and applesauce. Hardy everywhere; thrives on poorest soils. Excellent pollenizer.

**RED DUCHESS. 310.** This solid red strain produces large, striped red fruit. Crisp, juicy and delicious Apples, good for pies and sauces and eating fresh. Trees grow vigorously and are hardy.

**YELLOW TRANSPARENT. 324. (Lodi Improved Strain.)** Always produces a big crop of tasty Apples for pies and cooking during summer. Hardy no matter how cold your winters. Thrives in all soils and **bears quickly.** A perfect pollenizer.

## FALL APPLES

**CORTLAND. 304.** A shapely, big, round Apple which has won fame for its quick bearing and heavy yielding habit. Flesh is white, tender sub-acid. Good to eat fresh or cooked; delicious pie variety. Mostly dark red when ripe, overspread with attractive purplish bloom. Hardy everywhere; an excellent pollenizer.

**RED MCINTOSH. 316.** Emlong's large fruiting strain of McIntosh is a winner for flavor and quality. Bright red fruits of good size with white flesh. A fine juicy and highly aromatic Apple. Beautiful and a good seller. Heavy bearing, ripening in fall.

Hyslop Crab Apple

# Sensational New Blackberry EBONY KING

## GUARANTEED TO BEAR

730. Ebony King is a super-bearing variety. The plants are vigorous growing and healthy, and every berry matures properly. The fruit is very large, glossy black and jam-packed with tangy sweet flavor. Ebony King is a young bearing, early ripening variety and meets with full approval of processors and fresh fruit people.

## EXCELLENT FOR HOME GARDENING

You home gardeners can certainly benefit by this new origination due to its positive bearing qualities. Just a few plants of this super-bearing variety will provide you with an abundance of tangy sweet berries for every home use. Pies made from Ebony King are "out of this world"!

## SUPERIOR COMMERCIAL PRODUCER

Yes, it's true that Emlong's have developed a Blackberry that is guaranteed to bear an excellent crop of fine quality berries. With Ebony King you can be sure that every plant will yield mature, full-size fruit and not those small dried-up berries other varieties produce. Always in demand for the fresh fruit market and fruit processors, Ebony King commands top prices. Make yourself a handsome profit by planting Ebony King this spring.

## World's Finest Pie Cherry MONTMORENCY

### Emlong's Improved Strain

402. Regardless of where you live, MONTMORENCY is the only profitable Sour Cherry to grow. Bright red, big, round, juicy fruit. Deliciously sub-acid; good to eat fresh off the tree or canned. Makes wonderful pies and cider. Preferred by canners to all other sour varieties. Fruit has remarkable keeping qualities on the trees and after picked. Ripens midsummer to late. Trees are self-pollenizing. Always yield an enormous crop of Grade A fruit. Montmorency has long been the leading Sour Cherry with commercial growers and home gardeners alike.

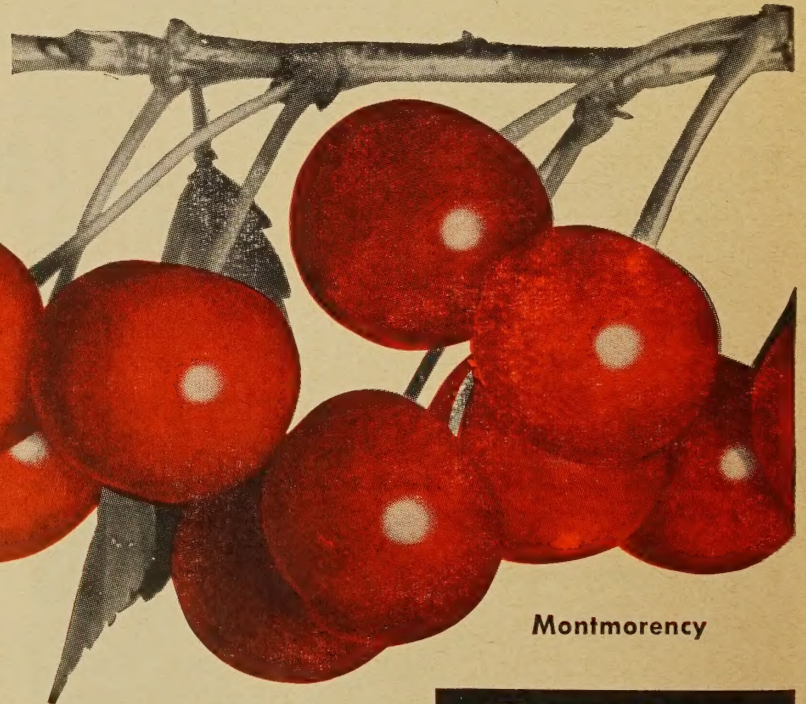

Emlong's strain of large Montmorency bears young. Our trees are now certified by the Michigan State Department of Agriculture to be propagated from virus disease-free budwood. This special feature costs you nothing extra. This year and every year Emlong's big nursery is headquarters for the finest Montmorency trees in the world. Orchardists from all the big fruit belts come to our nursery for their trees. We know our trees will please you as they have others. You will profit by planting Montmorency this spring.

# Giant Blueberries

**GROW THEM IN YOUR GARDEN NOW**  
**GROW THEM COMMERCIALLY NOW**

For a big money-making crop, these giant size, dark-blue Blueberries are without equal. No other fruit bears more abundantly and requires so little care. Even a few bushes will provide the average family with enough fruit all season for fresh desserts and pies, and for canning and freezing. Berries shown here are actual size Jersey variety. They have a mild sweet flavor, and are consistently uniform in size and shape.

The bushes are very ornamental with their huge clusters of Lily-of-the-Valley flowers in the spring and attractive waxy green foliage. They are easily kept in shape and are free from disease. Set bushes 5 to 7 feet apart in soil made acid with peat moss or sulphur fertilizer. Will thrive on dry land. Plant two or more for perfect pollenization.

Blueberries start to bear the third year, increasing in productiveness until the tenth. Our healthy, vigorous plants never fail to yield enormous crops of top quality fruit. Blueberries keep well on the bush and after picking; they retain their firm quality and rich blue color even when shipped long distances. You always get a big return on your investment when you plant Blueberries.

## HEAVY BEARING SWEET CHERRIES

Black Giant

- ✓ **BLACK GIANT.** 406. Our largest, blackest and sweetest Cherry! Bears the heaviest crops of any Sweet Cherry we have grown. Ripens late, keeps a long time on the tree. Excellent shipper and canner. Hardy as Tartarian. A beauty which you will grow with pride. Self pollenizing.
- ✓ **WINDSOR.** 414. Cherries ripen late, prolonging your Cherry profits. Fruits are large, dark maroon in color, with wonderful keeping and shipping quality. Very hardy and an abundant yielder. Self-pollenizing. We highly recommend Windsor for a well-rounded orchard.
- ✓ **BLACK TARTARIAN.** 408. The very popular purplish-black Sweet Cherry, which ripens so early and has marvelously rich flavor. Fruit matures to large size. Trees are hardy and bear young and heavily. A leading shipping and canning Cherry. Excellent pollenizer.
- ✓ **SCHMIDT.** 412. For the midsummer market there is no finer Sweet Cherry grown. Fruits are extra large, plump and uniform in size. A beautiful dark, glossy black in color. The flavor is rich and superb. Quality is extra firm and fine for fresh desserts and canning. Good shipper. Hardy, prolific bearer. Plant Black Tartarian for pollenizer.
- ✓ **NAPOLEON.** 410. The favorite golden Sweet Cherry with beautiful pink cheek. Known in some sections as Royal Ann. Very large fruits; deliciously sweet flavored. Favored for fresh desserts and canning. Heavy producer and good pollenizer.
- ✓ **BING.** 404. Famous from coast to coast. Wonderful dessert cherry. Richly flavored, extra large size, brownish black-red color. Ripens midseason. Self-pollenizing.

# Emlong's MAJOR Blackcap

## LEADING NEW BLACK RASPBERRY

706. For many years we have been watching new varieties of Blackcaps grown and tested, and we have found one that we believe tops all others. Major Blackcap was originated here in Berrien County, Michigan — and by every test it is the leading Blackcap!

### Biggest Yields — Biggest Berries

Major yields bigger crops of top quality berries than any other variety. The berries are larger, glistening black, uniformly round, firm textured and extra rich in flavor. They sell at higher prices, therefore, pay better than other blackcap varieties. For profitable commercial crops and for home gardens, we highly recommend Major. Price below.

## MORRISON

708. An outstanding late ripening variety. Berries are very large and less seedy than others. Very firm texture yet juicy and deliciously flavored. Hold their shiny black color and firmness exceptionally well; excellent for canning and freezing.

### PRICES — Major and Morrison Black Raspberries

## CUMBERLAND

702. Ripens midsummer and bears through the late season, producing profitable crops of large, firm, round, glistening black berries that "ooze" with rich flavor. In big demand for fresh desserts, canning and freezing. Plants are self-supporting and non-suckering. Hardy, thrifty growers; will thrive anywhere.

## LOGAN

704. This variety should be in every garden and commercial planting as it is an extra early ripener. Planted along with Cumberland, it lengthens the fruit season thereby increasing profits. Berries have good flavor and firm quality; ideal for every purpose.

## GOLDEN QUEEN RASPBERRY

732. Beautiful large, golden yellow Raspberry. Many prefer Golden Queen because of its sugary sweetness and unsurpassed flavor. An attractive dessert berry and very unusual when served in combination with either Black or Red Raspberries as a dessert. The canes are hardy, vigorous growers and heavy croppers. Ripens with Latham. Culture is the same as that for Red Raspberries.

**RED RASPBERRY**

### The Commercial Leader

712. Attractive deep red berries, uniformly round and unusually large; often measuring one inch in diameter. Deliciously full-flavored and aromatic. Latham berries are top quality and always in demand for fresh desserts, canning and freezing. They bring highest prices on the fruit market and have long been the leading commercial variety. Plants are hardy, thrifty growers and bear enormous crops. Sometimes surprise you with extra berries in the fall on the new growth.

# NEW SEPTEMBER

EVERBEARING RED RASPBERRY

## Bears Two Crops In One Year

714. A superior autumn-fruiting Red Raspberry that ripens about 5 days earlier than Newburgh; fall crop matures 3 to 4 weeks before other varieties, thus avoiding failure due to fall freezes. The plants are hardy, vigorous growing and increase rapidly. Berries are bright red and uniform in shape. Keep well on bushes and after picking.

## WILLAMETTE — Red Raspberry Heavy Producer — Extra Large Fruit

716. One of the largest red Raspberries grown! A heavy producer of large, firm berries. This splendid new variety is an Oregon origination. Berries are very large, conical in shape; very firm, dark red, medium acid. Fruit ripens midseason. An excellent variety for freezing, canning, table use, and to eat fresh from the garden. Its large size and firmness also make this an excellent variety for shipping. This new variety is very vigorous and productive and has proven entirely hardy.

# EARLY RED

## New Very Early RED RASPBERRY

710. EARLY RED has proved its superiority after 10 years of testing and growing on a commercial scale. It now takes its place as the most outstanding early Red Raspberry yet produced. Originated by Stanley Johnston of the South Haven, Mich., Experiment Station, EARLY RED is a cross between Lloyd George and Cuthbert varieties.

EARLY RED berries have a quality and flavor that make them perfect for canning and freezing. Ripens 10 days earlier than Latham, bringing highest first-of-the-season berry prices. Plants yield enormous crops. For a profitable commercial crop, and for home gardens too, there is none better than EARLY RED. Try a planting this spring.

# Emlong's Outstanding PEAR TREES

## DELICIOUS—EASY TO GROW

- ✓ **BARTLETT.** 452. The leading commercial Pear. Large, waxy yellow fruit with red blush. Flesh is superbly flavored, fine textured white and juicy. Ripens in summer. Bartlett is the most widely known and attractive of all Pears. A big money-maker. Favored for fresh desserts, canning and summer storage. Plant Emlong's PRIDE-O-MICH strain to insure perfection.
- ✓ **BOSC.** 454. There is no finer flavored Pear than the long necked Bosc, which is sold on the fancy fruit stands at a handsome profit. Firm skin makes it a wonderful keeper. Unequalled as a dessert pear with its very firm, sweet white flesh.
- ✓ **CLAPP'S FAVORITE.** 458. Large, uniform pears with beautiful green skin deeply blushed carmine-red. Flesh is crisp, white, juicy and sweet. Hardy, thrifty grower and bountiful producer. Ripens in summer.
- ✓ **SECKEL.** 460. Because of its sweet delicious flavor it is called the Sugar Pear. Fruit is small, but of the highest quality and especially favored for preserves. Ripens in late summer; bears young and heavily. Blight-resistant.
- ✓ **CAMPAS.** 456. The new, extra large, yellow Winter or Holiday Pear. Belongs to the Kieffer family. More richly flavored and of finer texture. Smooth, white, crisp, aromatic flesh. Profitable variety for winter storage and canning. Bears heavily and regularly.

IMPORTANT. We ship Currant and Gooseberry bushes only to Michigan, Illinois, Indiana, Kansas, Missouri, Iowa, Nebraska, Oklahoma, North Dakota, South Dakota, Kentucky and Texas. Currant plants are permitted entry into some of the other states providing you do not live in an area where Pine are grown. Write to your State Entomologist, advise him where you wish to plant, the variety and amount, and if you are located in a non-control area, he will issue a special permit. If you can secure this permit, send this along when placing your order. Please do not order in control areas unless you secure this permit.

Currants

# The Favorite Garden and Market GRAPES

## CALIFORNIA TYPE HARDY GRAPES

✓ **SENECA.** 804. The new skinless Grape. Large, compact bunches with golden yellow, oval shaped berries. Texture firm and the skin can be eaten. Flavor is honey-sweet and aromatic. Ripens early. Hardy and vigorous; grows anywhere. Keeps well on the vine or in storage until late fall.

	Each	2	5	10
2 yr. No. 1 Plants .....	\$ .80	\$1.50	\$3.65	\$6.95

✓ **GOLDEN MUSCAT.** 802. Wonderful new golden yellow Grape. Very large, compact clusters with large, juicy, sweet and tender berries. Has tangy Muscat-like flavor; desirable for fancy dessert. For home use and as a commercial Grape it cannot be beat. Vine is vigorous and very productive. Ripens late and keeps a long time on the vines or in storage.

	Each	2	5	10
2 yr. No. 1 Plants .....	\$ .80	\$1.50	\$3.65	\$6.95

## HARDY NORTHERN TYPE GRAPES

✓ **INTERLAKEN SEEDLESS.** 816. A new variety developed in Geneva at the New York State Experiment Station. It produces a rich, golden yellow fruit with medium sized berries that are very sweet. Flesh is meaty, solid and crisp. Can be eaten whole like California Grapes. Extremely hardy, and free from disease. Ripens a full month ahead of Concord. A strong grower, bears young, heavily and regularly. Deliciously flavored for home use and an excellent Grape for commercial planting.

\$1.50 each      2 for \$2.95      5 for \$8.95

Interlaken Seedless

Concord

✓ **CONCORD.** 806. The leading big-crop, dark blue Grape. Keeps a long time on vines and after harvesting. Fine for shipping, for cannery and winery trade. Excellent flavor. Usually bears second year.

✓ **FREDONIA.** 808. Very dependable blue-black Grape. Earliest to ripen. Produces large berries and bunches uniformly formed. Deliciously flavored whether eaten fresh or made into jelly or wine.

✓ **NIAGARA.** 810. Large, perfectly formed bunches of berries. Beautiful amber-green-white color. Rich aroma makes it a good seller. Tangy, muscat-like flavor. Excellent for all purposes.

✓ **CATAWBA.** 812. Best of the red varieties. Fruit extra large; bunches compact and of good size. The only red Grape that has proved itself over the years to be the best for commercial planting and home garden.

✓ **VAN BUREN.** 814. Extra-early ripening variety. Bears big, compact bunches of deliciously sweet berries; exceptionally fine for fresh desserts. Hardy and a heavy producer.

# Plant PLUM TREES

## RED GIANT

An Amazing New Plum  
Large in Size

558. World's most beautiful Plum. Roundish oblong in shape, the fruit often measures 2½ to 3 inches long, in clusters of 7 to 12 giant beauties on the end of each branch. Ripening early. Red Giant plums attain a deep glowing maroon-red color, thickly overspread with pink bloom. Flesh is greenish yellow, very firm, fine and sweet. Red Giant is an outstanding all-purpose Plum; good for the small home garden and for the commercial grower too. Wonderful shipper and canner. Plant 2 trees for best results. (Grown and sold only by Emlong's. Property rights reserved.)

## SUPERIOR Semi-Dwarf, Young Bearing

562. Beautiful wine-red skin covered with purple bloom. Yellow flesh is delicious, sweet and juicy; freestone. A very good all-around Plum for every purpose. Fruits are extra large and good shippers and keepers. Trees bear early and yield big crops. Very hardy; recommended for northern and western states. Plant 2 trees for best results.

### PRICES FOR RED GIANT, SUPERIOR AND GREAT EUREKA

	Each	2	5	10	25
5-6 ft. 11/16 and up .....	\$1.95	\$3.80	\$9.00	\$17.50	\$35.00

Write for prices on larger quantities.

## GREAT EUREKA

### Famous Quick Bearing

552. The delicious flavor of Eureka is a combination of Plum, Apricot and Peach. Eureka is known as the "Red Nectar" fruit because the juice is red and sweet. Good to eat in half-ripe golden stage and in full-ripe maroon stage. The fruit is thin skinned, pleasant to eat, juicy, separates easily from the pit. Excellent for cooking, canning and dessert use. Heavy yielding and young bearing variety. A good, profitable commercial variety. Plant 2 trees for best results.

Prices for Eureka above.

Eureka

## KING SIZE PLUM TREES

Varieties: Superior or Italian Prune. Huge Bearing-age trees. You save several years. No waiting for crops.

**\$3.00 each 2 for \$5.75**

## The New RED RHUBARBS

**VALENTINE.** 858. Deep bright red in color. Texture smooth and tender. Has a rich flavor with a slightly tart aftertaste. The Valentine is an introduction of the Ontario Horticultural Experiment Station and has taken the lead among the red Rhubarbs. Combining very high quality and richness of flavor, vigor and growth, the Valentine will soon be the standard by which all other Rhubarbs are measured. Plant Valentine this spring and enjoy its fruit for years to come. 80c each; 3 for \$2.20; 6 for \$3.95, postpaid.

## SODUS PURPLECAP

744. The leading purple Raspberry. Introduced by the New York Experiment Station. Berries are very large, firm, medium purple in color, delicious and juicy. Excellent for pies. Plants are very vigorous, hardy and highly productive. Resistant to drought. Yields a good crop every year.

## RUBY RED

856. Large, plump, red-in-the-center stalks of the sweetest Rhubarb that you ever tasted. Excellent for pies and sauce; stalks are tender and never stringy. Early spring fruit, quickly forms a large-clump. Hardy and easy to grow anywhere. Three mature plants will supply the average family for year-round use. 75c each; 3 for \$2.00; 6 for \$3.50, postpaid.

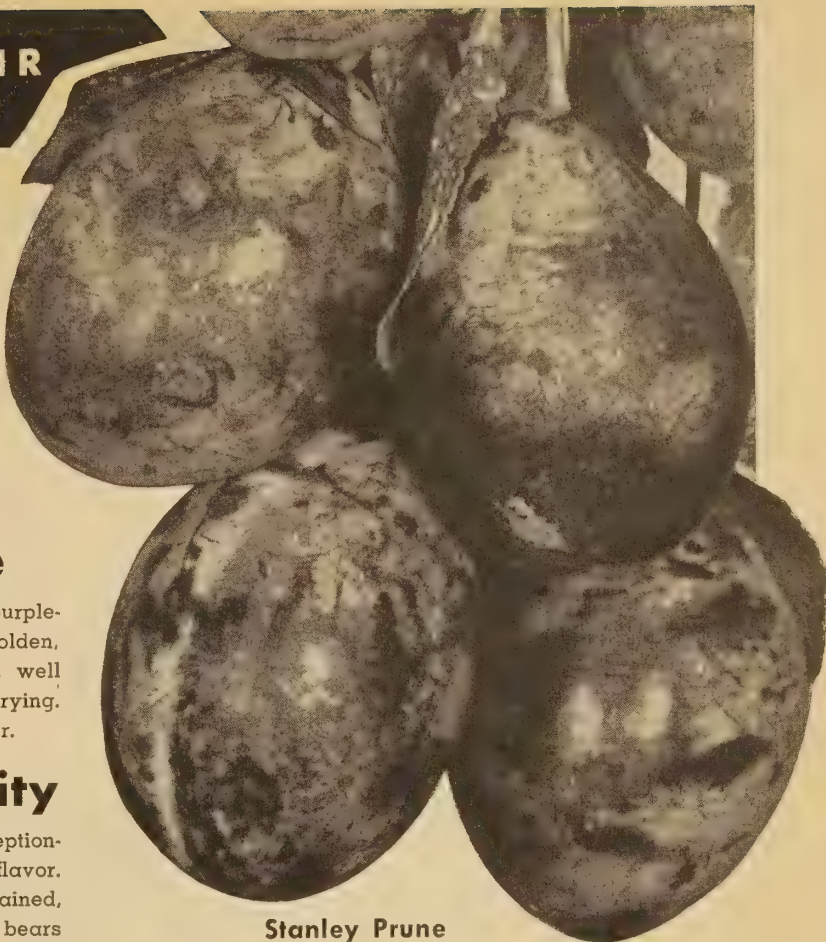

# TREES

ENJOY THEIR  
FINE FRUIT

## STANLEY PRUNE

### Best Commercial Type

560. Sweetest Prune grown and bears the quickest. Often starts bearing the second year and yields heavily every year. Beautiful dark blue skin, overspread with attractive bloom. Fine sweet, juicy golden flesh. Requires very little sugar for canning. Retains its skin and shape after canning. Juice is rich wine-purple. Favorite for canning and drying. Freestone. Ripens midseason. Hardy and thrifty grower; self-pollenizing.

Stanley Prune

## ITALIAN PRUNE — A Favorite

556. Is the most widely grown of all Plums. Large, oval-shaped purple-blue Plum with attractive coating of blue bloom. Flesh is firm and golden, good texture and flavor. Tree is usually large, hardy, productive, well formed and bears regularly. Freestone. Flavored for canning and drying. Excellent shipper. Self-pollenizing. A late Plum ripening in September.

## GREEN GAGE — Tops in Quality

554. The famous dessert Plum with the sweet-tart flavor. It is exceptionally fine for eating fresh and canning. Just full of sweet, sugary flavor. Large, greenish-yellow fruits are produced freely. Flesh is fine-grained, firm and juicy. Freestone. Trees bear young, are vigorous, hardy and bears regularly. Self-pollenizing. Ripens in early September. Excellent for canning and shipping. It is not suited for extremely cold sections.

## Sensational New "SUMMER LONG"

### EVERBEARING PEACH

Fresh Peaches July to September

646. An Everbearing Peach Tree? That's right. Just imagine having fresh Peaches all summer long from one single tree.

#### A Modern Fruit Tree for Your Garden

This Everbearing Peach is perfect for your garden. The "Summer Long" Peach has golden yellow flesh. It is a remarkable freestone Peach which has all of the excellent qualities of other Peaches and will produce tasty fruit from July until late September. Fruit is very delicious either for canning, eating fresh or for desserts and jams.

#### No Wasted Fruit — Enjoy Them as They Ripen

With this Peach tree in your garden you will have a continuous supply of fresh Peaches. It will not be necessary to plant a variety of kinds — just one "Summer Long" Peach tree for fruit all summer. Trees are very hardy and require no more care than other varieties.

	Each	2	4
4-5 ft. branched trees.....	\$2.95	\$5.75	\$11.00

# ASPARAGUS

## EASY TO GROW — GOOD FOR YOU

One planting of Asparagus lasts many years. Requires little care. Asparagus is always ready to sell early in the spring before other vegetables are ripe and always brings a good price. Emlong's home-grown roots are bright colored and of large caliper. **Plant them during March, April and May.**

### ASPARAGUS PRICES

	25	50	100	250	500	1000
1-yr. ....	\$1.50	\$2.25	\$3.75	\$7.50	\$10.00	\$18.00
2-yr. ....	1.95	3.25	4.95	9.50	14.50	24.00
3-yr. ....	2.50	4.15	6.75			

**PARADISE. 852.** The new giant strain of Asparagus from California. Makes long, thick, very tender stalks. Grows quickly. Said to bear usable tips a year sooner than other kinds. Paradise retains its color when canned or frozen. Very profitable and very dependable for home or market. Rust resistant and very productive. A hundred roots will supply the average family for many years. Plant the same as Washington.

**WASHINGTON. 854.** Introduced by the U. S. Department of Agriculture, this has long been the leading commercial Asparagus. Produces large, tender, green tips. Mild, rich full flavor, very delicious. In great demand for shipping, canning and freezing. Plant the roots 12 inches apart in the garden. In the field rows can be 4 feet apart. 5000 roots plant an acre.

## NECTARINES

642. This delicious fruit is a cross between a Peach and Plum. Resemble a Peach in shape, size and flavor. Smooth skin, similar to that of a Plum; many fruit lovers call it the "Fuzzless Peach." Fruit is large, with striking red color, very juicy and delicious. It is freestone and ripens with the Elberta peach. Its habits are similar to the Peach; therefore culture is the same. Excellent for canning or as a fresh fruit. Plant two or more trees for proper pollenization.

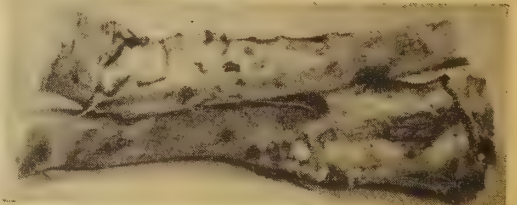

Nectarine

	Each	2	5	10
5-6 ft. trees .....	\$1.95	\$3.80	\$8.95	\$16.95

3-4 ft. trees .....	1.45	2.70	6.25	12.95

## HORSERADISH

860. A popular condiment, valuable for use in relishes and appetizers. Grates up fine and tender, white as snow; has a strong, zesty flavor. Easy to grow; plants spread rapidly, providing a continuous supply. Makes a good profitable commercial crop. **5 for 60c; 10 for \$1.00; 25 for \$1.95; 100 for \$6.95, postpaid.**

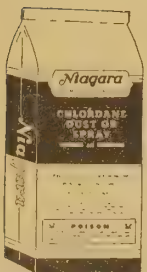

## KOLO ALL PURPOSE FRUIT SPRAY

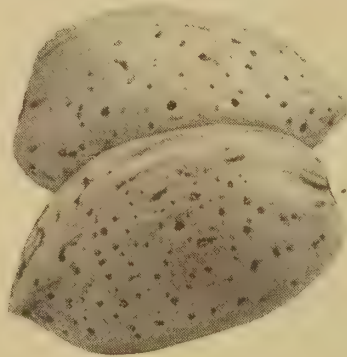

70. KOLO used as dust or spray safely controls all insects and diseases after the dormant stage on fruits and certain ornamentals. It contains Kolo-sulphur plus DDT and basic lead arsenate. Has fine adhesive qualities and gives a uniform deposit on foliage. Complete directions for use given on package. **1 lb., \$1.20; 3 lbs., \$2.85, postpaid. No discount.**

## CHLORDANE DUST OR SPRAY

56. For use in the control of wireworms, ants, roaches, grasshoppers, cabbage maggot, potato beetles, cutworms, etc. In order to control cutworms, we suggest you use Chlordane Dust or Spray on the surface of the soil. After plants have been set, a dusting on each side of the row or in a circle around the plant once a week, with this material, for two to three weeks will control this pest. **1 lb. Canister, \$1.10, Ppd.; 3 lb. Canister, \$2.50, Ppd.**

## HALL'S ALMOND

### PRICES

	Each	2	5
2-3 ft. ....	\$1.50	\$2.85	\$6.75
3-4 ft. ....	2.00	3.85	8.75
4-5 ft. ....	2.75	5.35	

902. We are pleased to offer this new improved dual purpose tree that blooms so beautifully and bears a fine crop of delicious Almonds. Northern grown; these trees are hardy and can be grown wherever it is possible to grow peach trees. They produce abundant crops of top quality, nutritious nuts. Used extensively by commercial bakers and confectioners, and housewives everywhere. Hall's Almond is a rapid growing young bearing nut tree. The nuts are large and of fine quality — its dual purpose of being a fine ornamental makes it an attractive addition to any landscape planting — the blooms are attractive, the foliage is deep green in color. Best results are obtained by planting two trees. Supply limited — order today.

English Walnut

## AMERICAN FILBERT

**Barcelona Variety**

906. Roundish nut with thin, tender shell. Round, sweet flavorful kernels. Always in big demand for the fall and winter holiday season. Often called Hazel Nut. The trees make a rather shrubby growth and will thrive in any location. Grow from 6 to 8 feet tall. Young bearing; yield big crops. Plant 2 trees for best results.

	Each	2	4
2-3 ft. trees.....	\$1.75	\$3.40	\$6.50
3-4 ft. trees.....	2.25	4.25	7.95

## HARDY PECAN

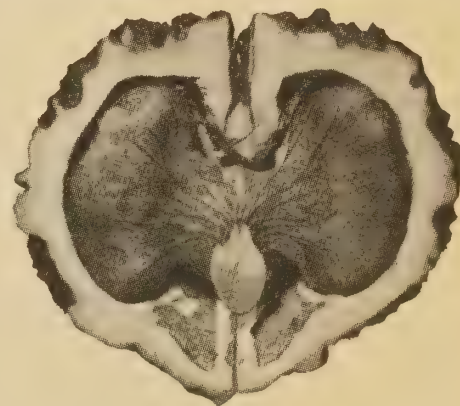

912. A rapid growing, young bearing variety that can be grown successfully in northern climates. Very large, thin-shelled nuts; kernels are crisp and very delicious, much in demand for baking, confections and eating fresh. The trees are long-lived and prolific bearers; make a very profitable crop for the commercial grower.

	Each	2	4
2-3 ft. trees.....	\$1.75	\$3.40	\$6.50
3-4 ft. trees.....	2.25	4.25	7.95

## AMERICAN BUTTERNUT

904. Long, narrow kernels, tender and white; very much sought for eating fresh and to use in baked goods, desserts and confections. A prolific crop is borne each year on very hardy trees of the Walnut family. Attractive foliage and spreading head, provides abundant shade. Bears young. Stands moist soil. Plant 2 trees for best results.

	Each	2	4
3-4 ft. trees.....	\$1.50	\$2.85	\$5.50
4-5 ft. trees.....	2.00	3.85	6.75

## American BLACK WALNUT

**Selected Strain**

914. American Black Walnut trees are the world's heaviest producers. The trees will grow anywhere in the United States from coast to coast. They are thrifty growers and make an ideal shade or orchard tree.

The nuts are extremely large and full; kernels are crisp and rich in flavor. Used extensively by the commercial confectioners and bakers.

	Each	2
3-4 ft. trees.....	\$2.75	\$5.25
4-5 ft. trees.....	3.50	6.75

# Select these Popular Money-makers

Redskin

## REDSKIN New Red Color

522. A new variety that will eventually become as popular commercially as the Elberta is today. It ripens with Elberta and has a beautiful red color. It is a leading shipper with excellent quality. Freestone, self-pollenizing. Also good for canning and freezing. The tree bears well, is reasonably hardy, large, vigorous, early bearing, long lived and very resistant to disease.

## SUN HIGH

526. A new introduction by the New Jersey Experiment Station. The fruit is large, bright red, of excellent quality and flavor, yellow fleshed and always freestone. Especially noted for its excellent quality, high color and firmness in shipping, delicious, mouth-watering flavor. Ideal for eating, canning, freezing as well as a top ranking commercial Peach. Hardy, young bearing, heavy producing trees. Ripens fifteen days before Elberta.

## EARLY DISCOVERY

504. For you who like a sweet white-fleshed peach, ripening in late July, Early Discovery will hit the spot! White skin, deeply blushed and splashed with attractive red. Colors long before ripe. Its fragrance and flavor tops. Self-pollenizing, semi-freestone. Very hardy.

Commercial Orchardist please write for special prices.

## GOLDEN JUBILEE Extra Early

512. One of the biggest paying varieties for large commercial orchardists to plant. Ripens extra early. Unique, somewhat long-oval Peach which colors to bright orange with brilliant markings. Enormous producer of first quality fruit. None more delicious in flavor. An excellent freestone. Ripens August 5 to 20.

## FERTILE HALE Always Bears

510. Another popular member of the Hale family. Rich in flavor and very firm quality. Excellent shipper and canner. Ripens later than regular Elberta, increasing the late Peach profits. A very hardy type with heavy yielding ability. Freestone and self-pollenizing. Ripening date August 25 to September 15. U.S. Patent No. 175.

# Plant Emlong's PEACH TREES

BEST FOR YIELD, PROFIT AND FLAVOR

## O'BOY – Huge Delicious

518. The largest, most richly flavored, beautifully round and uniform Peach ever grown. Skin is glowing orange blushed with rich carmine-red. Inside there is a sunburst of bright red from the pit out into the sweet golden flesh. Firm of skin and flesh, it is an excellent shipper and canner. Ripens with Elberta. Freestone variety, hardy as others. Semi-fertile; plant a pollinizer every third row. (Propagation right reserved by Emlong's.)

## HALE HAVEN

514. An excellent Peach, result of crossing the J. H. Hale and South Haven. A large beautifully colored, yellow-fleshed Peach. Ripens approximately 15 days ahead of Elberta. Perfect freestone, strong grower, very hardy, heavy bearer; excellent flavor.

## REDHAVEN – Extra Early

520. A flaming scarlet Peach that ripens extra early and is very hardy. Originating in Michigan. Redhaven will be colored up with gorgeous all-over red and ready to pick and ship while the fruit is still firm and easy to handle. Firm textured, fine, sweet, golden flesh; wonderful dessert Peach and good for freezing too. Tree bears very young, produces heavily year after year. Ripens 10 days ahead of regular Hale Haven. Freestone. Self-pollenizing.

## FAIRHAVEN – Honey Sweet

508. An outstanding new variety developed through efforts of Stanley Johnson, Director of Experiment Station at South Haven, Michigan. A cross between J. H. Hale and South Haven — its parentage is excellent. Fruits are medium large, bright golden color with bright red cheeks. Ships exceptionally well. Ripens August 10 to 20. Fairhaven trees have shown no marked weakness to date. A very hardy freestone peach.

Red Haven

## ELBERTA – Great Commercial Peach

506. Universally known as the outstanding money-maker wherever Peaches are grown. Oval in shape with deep golden skin blushed carmine-red. Flesh is golden, fine grained, firm textured. Unquestionably the leading Peach for home and commercial use. Freestone. Self-pollenizing. Young bearing variety. Enormous yield at maturity.

## J. H. HALE – Extra Large Peach

516. Richly flavored, fine textured, golden yellow flesh. Skin is bright yellow, deeply blushed with red and nearly fuzzless. Always sells at top prices. Semi-fertile; plant a good pollinizer every third row, preferably Hale-Haven. Ripens Aug. 20 to Sept. 5.

# FRENCH Lilacs

## HYBRID COLORFUL — FRAGRANT DOUBLE FLOWERS

These gorgeous French-type hybrid Lilacs will add lasting beauty and distinction to your landscape planting. They bear remarkably large flower panicles, 8 to 12 inches long, thickly massed with single and double florets; richly fragrant. The colors are exquisite.

French Lilacs make compact, shapely bushes. They do not sucker, but bear loads of flowers every spring. Desirable for lawn specimens, in corner groups, mixed shrub plantings and for Lilac hedges. Plant 5 feet apart; trim as desired. **Your choice of colors: 1384, Red; 1386, White; 1380, Blue; 1382, Pink. Postpaid.**

## Plants of Unusual Beauty

### DOUBLE FLOWERING DWARF CRAB

1254. The New Saint Georges strain of double flowering crab has larger blooms, with more petals and the foliage is more rust resistant than the old-fashioned Bechtel Flowering Crab. In the spring the branches are literally covered with double deep pink blossoms, which resemble rosebuds. This handsome compact tree blooms year after year and can be trimmed as desired.

	Each	2	4
2-3 ft. ....	\$1.50	\$2.90	\$5.60
3-4 ft. ....	1.95	3.80	7.45

### HOPA FLOWERING CRAB

1258. Beautiful bright red flower buds opening into fragrant pink flowers are produced on this popular low growing ornamental in early spring. Small red apples are borne in mid-summer, and make very fine jelly. Attractive foliage is maroon colored. Here is a tree that is colorful and decorative at all seasons.

	Each	2	4
3-4 ft. ....	\$1.60	\$3.10	\$5.95
4-5 ft. ....	1.95	3.80	7.45
5-6 ft. ....	2.25	4.30	8.20

### SMOKE TREE (PURPLE FRINGE)

1398. Huge clusters of misty purple flowers make this shrub look like a "puff of smoke" when in full bloom. Flowers are long lasting and make a beautiful display during late summer. Ours is the hardy variety that can be grown in the north. Grows 6 to 8 feet tall.

2-yr. Field-grown plants	Each	2	4
12-18 in. ...	\$.75	\$1.45	\$2.75
18-24 in. ..	1.00	1.95	3.80

### AZALEA MOLLIS

Gorgeously colored aristocrats! Clusters of large, waxen blooms completely cover the 3 to 4 ft., graceful shrub in May and June. This unusual, hardy shrub offers many possibilities for enlivening your garden with sparkling color. Use them for color accents in the foreground of shrub border or foundation planting; in groups for bold color effects.

Plant in full sun (light shade in the South), in soil generously mixed with leaf mold and acid peat. Each fall a top dressing of well rotted stable manure will induce finer blooms. Water freely in dry weather. Do not cultivate.

**Choice of Colors: 1314, Orange; 1316, Red; 1318, Salmon; 1320, Yellow. Blooming-age plants, \$2.25 each; 2 for \$4.35; 4 for \$8.25, postpaid.**

## EUONYMUS BURNING BUSH

(*Euonymus Alatus Compactus*)

1338. A very unusual shrub that attracts attention whenever seen. Produces small yellow flowers in spring, followed by red fruits. Oval-shaped green leaves turn a brilliant coppery crimson tinged rose, in the fall. Has an unusual corky bark. Will thrive in partial shade or full sun. Its compact growth and easy culture make it one of the outstanding shrubs for single specimens on the lawn, in the shrub border or among evergreens. For a brilliant autumn foliage display, be sure to plant one or more of them in your garden or yard.

*Euonymus* - Burning Bush

## CRAPE MYRTLE

The plant which is so much a part of southern beauty is now available in hardy form for those of us in more northern climates. It dies down to the ground each winter in the north, but throws up new shoots each spring and flowers in the summer. It has attractive flowers with fringed petals in panicles. The foliage is glossy deep green and its beautiful large flower heads bloom over a long period in the hot summer months when flowers are so welcome. If you want a real thrill in plants, we recommend this one. Will grow in any good garden soil. Prefers full sun. Plant 3 feet apart for borders. Choice of colors: 1352 Watermelon Red, 1348 Coral Pink and 1350 Royal Purple. 18-24 in. 2-yr. Field-grown bushes, \$1.00 each; 2 for \$1.95; 4 for \$3.75, postpaid.

## DWARF BLOOD-LEAVED MAPLE

1274. Rounded, dwarf growing trees that seldom grow more than 10 feet tall. Densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Their early spring and midsummer color is a vivid blood-red which dulls to a bronzy purple-red towards fall. They make splendid foreground subjects in mixed groups and are unexcelled for their bright spot of color on the open lawn. You will be delighted with the effect achieved by adding this colorful tree to your planting this spring. 10-15 in. trees, \$3.75 each; 2 for \$7.25, prepaid.

Crape Myrtle

# EVERGREENS for Lasting Beauty

## Majestic Junipers

# Broad-Leaf EVERGREENS

**Ilex Rotundifolia**

**Euonymus Radicans**

**Euonymus Patens**

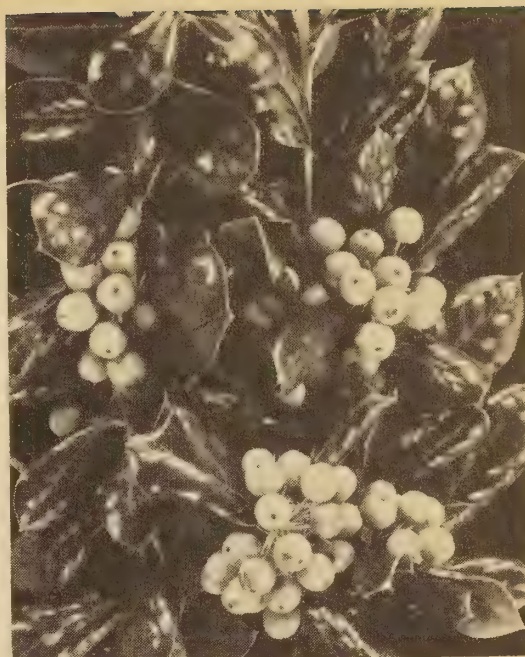

**Boxwood**

## HOLLIES

**ILEX ROTUNDIFOLIA.** 1430. A handsome member of the Holly family particularly suited to low plantings such as hedges and foundations. A distinct Holly because of its small, rounded, glossy leaves which remind one of boxwood; very similar to Convexa except leaves are heavier and more ovate. It is evergreen and entirely hardy.

**6-8 in. plants, 65c each; 2 for \$1.25; 5 for \$2.95; 10 for \$5.75; 25 for \$12.95, postpaid.**

**ILEX CONVEXA.** 1431. This is one of the choicest of broad-leaf evergreens. It is very bushy, has shiny dark green, Boxwood-like leaves somewhat convex and it grows about 4 ft. high and 3 ft. across. The glossy leaves are so profuse that twigs are invisible. Space 18 inches apart. Very hardy. Prefers alkaline or acid soil and does well in either light shade or full sun. **6-8 in. plants, 65c each; 2 for \$1.25; 5 for \$2.95; 10 for \$5.75; 25 for \$12.95, postpaid.**

**Ilex Convexa**

## EUONYMUS RADICANS

1440. An upright, broad, spreading shrub with rich bright green foliage that remains on the plant year round. Makes a shapely bush 4 to 5 feet tall with red berries which hang on late in the season. A plant that will blend well with your established evergreen plantings. Thrives in sun or partial shade. **Heavy 12-15 in. plants, \$2.75 each; 2 for \$5.25, postpaid.**

**Pyracantha Lalandi**

## EUONYMUS PATENS

1438. This is one of the finest and easiest grown evergreen shrubs. Compact and shapely, growing to a height of about 6 feet tall. Leaves are a bright green while in fall numerous orange Bittersweet berries add to its charm. Thrives in both sun and shade. Can be trimmed as desired. Use as a specimen plant, background or hedge. **15-18 in. plants, \$1.45 each; 2 for \$2.75; 4 for \$5.25, postpaid.**

## DAPHNE CNEORUM

1353. A small low growing shrub, usually not more than eight inches high and twenty-four inches across. Bears numerous clusters of fragrant pink flowers in Spring and Fall; the leaves remain green throughout the seasons. A favorite for rockeries, shrub or perennial borders. **6-9 in. specimen transplants, \$2.25 each; 2 for \$4.25, postpaid.**

## BOXWOOD

**WELLERI.** 1436. The hardiest Boxwood in cultivation. Welleri has large dark green leaves and is fast growing. Makes a dense hedge quickly, and can be trimmed to any desired height and shape. Will thrive anywhere. Perfect for low hedges and edging. We cannot recommend this grand plant to you too highly. **6-8 plants, 75c each; 2 for \$1.45; 4 for \$2.75, postpaid.**

## PYRACANTHA LALANDI

1434. A most beautiful berried shrub that retains its foliage all winter. Bears attractive large trusses of white flowers during late spring followed by an abundance of brilliant orange-scarlet berries which remain late into the winter. The bush becomes a "mound of flame". A vigorous growing shrub with inch long oval leaves. A marvelous plant for foundation planting where soil is dry. The plants can be trimmed to any desired shape. Blooms in May. Grows 4-6 feet tall. It prefers a warm, well-drained location. **12-15 in. plants, \$1.25 each; 2 for \$2.40; 4 for \$4.50, postpaid.**

**Daphne Cneorum**

# HARDY HEDGE PLANTS

## ① HARDY PRIVET

(Amoor River North)

1110. Easiest to grow of all Privets. Very hardy; thrives under favorable planting conditions. Makes an attractive hedge in all seasons with its glossy green leaves and clusters of white flowers, followed by berries. Trim to desired height and shape any time during summer. Leave untrimmed for foundation and screen plantings. Set bushes 9 to 12 inches apart. For a wider hedge, plant 2 rows, alternating the plants. Well branched, well rooted bushes.

	10	25	50	100
12-18 in. ....	\$1.95	\$3.95	\$ 6.95	\$12.95
18-24 in. ....	2.95	4.95	8.95	15.95
2-3 ft. ....	3.95	6.95	10.95	

## IBOLIUM PRIVET

1122. Similar in growth habit form to the Amoor River Privet, and just as hardy; has rich lustrous green foliage, like California Privet. Foliage will remain long after frost.

	5	10	25	50
12-18 in. ....	\$1.50	\$2.75	\$5.50	\$ 9.95
18-24 in. ....	1.95	3.50	6.95	12.95

## ② DWARF BLUE-LEAF WILLOW

1118. Charming new hedge plant of refined growth and lovely gray-blue foliage. Leaves cluster thickly from ground up. Thrives under all conditions; withstands Arctic climate, and wet, dry, hard or poor soils. May be trimmed severely.

	5	10	25	50	100
12-15 in. ....	\$2.10	\$3.95	\$8.95	\$16.95	\$32.50

## ③ GREEN BARBERRY

1102. Barberry Thunbergi makes the ideal low growing hedge, for front lawns, along short driveways and corner groups. Bright green foliage turns gold and scarlet in fall; red berries remain through winter. Set bushes 18 inches apart. (Rust free type.) Well-branched.

	Each	10	25	50
12-18 in. ....	\$ .35	\$2.75	\$5.95	\$10.75
18-24 in. ....	.45	3.75	6.95	12.75

## CHINESE ELM HEDGING

1108. A very popular hedge plant, especially valuable where rapid growth is important. Extremely hardy and drought-resistant; thrives everywhere. In just a few years after planting, you will have a compact, dense screening hedge. May be trimmed to any desired height. Plant 12 in. apart.

	10	25	50	100
18-24 in. ....	\$1.35	\$2.75	\$4.25	\$7.95

## ④ BRIDAL WREATH SPIREA

1114. (Spirea Van Houttei.) Our most useful and popular flowering shrub. Grows with equal success anywhere. Can be trimmed any time during summer; makes a perfect informal hedge or tall, screening hedge. Set bushes 2½ to 5 feet apart. The multitudes of small white flowers furnish a wall of beauty during June.

	Each	10	25	50
15-18 in. ....	\$ .30	\$2.85	\$5.95	\$10.95
18-24 in. ....	.40	3.85	7.95	13.95
2-3 ft. ....	.50	4.85	9.95	

## SCARLET FLOWERING QUINCE HEDGE

1120. One of the first shrubs to bloom in Spring. Their brilliant red flowers and shiny foliage place them among the No. 1 plants for Spring bloom. Ultimate height is about 5 to 6 feet. The size of their blooms as well as the quantity in which they are produced is almost unbelievable. 5 plants for \$2.25; 10 for \$4.25; 25 for \$9.75; 50 for \$18.75.

## ⑤ Pink Tartarian HONEYSUCKLE

1106. No hardier plant can be found than Honeysuckle. Grows to a height of 8 to 10 feet with upright, somewhat spreading branches. Foliage is bright green. Flowers are borne freely in May and June. Fragrant. Heavy Hedging-grade.

	5	10	25	50
12-18 in. ....	\$2.10	\$3.95	\$8.95	\$16.95

# ROSA MULTIFLORA

## A Living Fence For Little Money

1112. Now you can have a natural living fence that will last for years, without expensive upkeep. **Rosa Multiflora** is the amazing new hedge material that garden and farm magazines have written so much about recently. The plants are very hardy; grow rapidly, and in just a few years will make a hedge dense enough to keep all types of animals in their place.

Eliminate expensive repair bills and maintenance costs by planting **Rosa Multiflora** wherever a fence is needed. Easy to grow; thrives under most soils and conditions of weather. Requires no training, pruning or clipping. Grows to a height of 8 feet, blooms each year and is the most practical, decorative planting material that can be used. Plants should be set 12 inches apart. A living fence adds beauty and value to your property. Plant Rosa Multiflora this spring.

# WINDBREAK

## AND SEEDLING SHADE TREE HEDGING

### CHINESE ELM

1156. Hardy. Siberian strain. Withstands cold winters, poor soil, drought and other unfavorable conditions. Grows rapidly; in a few years will make a compact, dense hedge or windbreak. Thick, compact branches from the ground up stop winds and drifting snows. Set trees 4 feet apart.

	10	25	50	100
2-3 ft. trees.....	\$1.95	\$3.95	\$6.95	\$11.95

### SILVER MAPLE

1170. One of the fastest growing trees and extremely hardy; thrives under all soils and conditions of weather. Has fine, silvery-green foliage. Perfect for the main section of a standard windbreak around farm property.

	10	25	50	100
2-3 ft. trees.....	\$2.35	\$4.50	\$8.00	\$14.50

### AMERICAN WHITE BIRCH

1152. Clean, strong growing tree with snowy white bark. Has bright green lustrous foliage; rather bushy, spreading habit of growth. Makes a hardy, fast-growing windbreak. Height 60 feet at maturity.

	10	25	50	100
18-24 in. trees.....	\$3.50	\$7.50	\$12.50	\$21.00

### RUSSIAN OLIVE

1153. A fine ornamental with dense, silvery-green foliage. Bears a profusion of fragrant yellow flowers. Branches thickly from the ground up; perfect for hedging, and "snow catch" rows in shelter belts or windbreaks. Plant about 4 feet apart.

	10	25	50	100
18-24 in. trees.....	\$2.10	\$4.25	\$6.95	\$10.95

### BLACK LOCUST

1154. Fragrant cluster of white pea-like blossoms cover the tree in early spring and flat pods hang on the tree all winter. Thrives in any soil. Remarkable for its drought-resisting qualities. An outstanding tree for windbreak purposes and also ideal for the prevention of erosion on steep banks.

	10	25	50	100
2-3 ft. trees.....	\$1.95	\$3.95	\$7.00	\$12.50

### AUSTRIAN PINE

1164. One of the most dignified evergreens. A solid mass of richest green, formed by the long green needles, and heightened in spring by the long, silvery "candles." Very hardy, vigorous, and dense in growth. A beautiful tree for specimen, entrance, or border planting.

	10	25	50	100
8-12 in. transplanted trees....	\$4.50	\$9.50	\$15.00	\$27.50

### LOMBARDY POPLAR

1168. This well known tree, well liked everywhere it is grown, is one of the most picturesque as well as useful trees to be found. The rapid growth and general hardiness make this one of the most useful trees for windbreaks, screening hedges and for stately accents along drives and avenues. Trees branch thickly from the ground up, and when planted 3 or 4 feet apart, will provide good protection, or a dense hedge, in 2 or 3 years after planting.

	10	25	50	100
2-3 ft. trees.....	\$1.95	\$3.50	\$7.00	\$12.50

### WHITE DOGWOOD

1158. A rare beauty in spring with its large white flowers with an extra row of center petals. In summer the foliage is dark green changing to gorgeous reds in fall. Red berries in fall. Grows to a height of 10 to 15 feet at maturity. May be trimmed as desired. Outstanding among ornamental trees. A Dogwood makes a beautiful lawn or shrub border specimen.

	10	25	50	100
12-18 in. trees.....	\$3.50	\$7.50	\$12.50	\$21.50

### NORWAY SPRUCE

1172. One of the most popular quick-growing evergreens adapted for many purposes. Makes a tall, conical-shaped specimen. Its branches and drooping branchlets are covered with shiny dark-green needles and long drooping brown cones to 7 inches. Height 70 ft. at maturity. Valuable for windbreaks, hedges and reforestation.

	10	25	50	100
8-12 in. transplanted trees....	\$4.50	\$9.50	\$15.00	\$27.50

# DWARF PEACH TREES

We are now able to offer Dwarf Peach Trees producing full size delicious peaches. These trees are grown on special root stock with an ultimate height of 6 ft. The fruit can be picked from the ground without the necessity of having a ladder. The tree is easy to care for, requiring very little space and will bear fruit for many years. It is a heavy producer; providing more than enough fruit for you and your family. Also a beautiful ornamental when in bloom in the early spring. You can enjoy luscious fresh peaches picked right from your own trees even though you have only an ordinary sized backyard. We are offering these trees in two varieties only. They are the old favorite **Elberta**, 622 and the very popular **Hale Haven**, 624. The supply of these trees is very limited. Order early.

North Star  
Cherry

## DWARF CHERRY TREES

Everybody likes home-grown fruit. If your yard is not large enough for full-sized trees, a planting of Dwarf Cherry Trees would be perfect. Trees grow to a height of about 6 feet and are branched low to the ground. The fruit is large, often larger than that of the large trees. You will be able to pick most, if not all, of the fruit right from the ground. Trees are attractive even without fruit. In early spring, it is a solid mass of white flowers. Trees are attractive in foliage, blossom and fruit.

✓ **NORTH STAR CHERRY.** 632. New dwarf cherry originated by the University of Minnesota. Large, mahogany-red cherries on a dwarf tree 5 to 7 feet tall. Skin tender, flesh juicy and meaty. Excellent for pies and sauce. Very hardy—will succeed farther north than any other cherry. Very productive.

✓ **METEOR.** 631. A jumbo pie cherry. The trees grow to 8 or 10 feet tall and will thrive in even the severest climates. Fruits are meaty, juicy; skin is thin and very tender. Extremely heavy bearer.

Peach

## Dwarf HANSEN BUSH CHERRY

724. Large, glistening black, sweet, hybrid bush cherries produced in great quantities on low growing bushes. White blooms in spring make them very ornamental. Foliage is silvery green, turning red in autumn. Fruits are good to eat off the bush or canned. Makes excellent jams and jellies and very tasty sauce. Bushes are very hardy and will thrive in any location without any special care. They bear in cold climates where standard Cherries fail. Trim to any desired shape and size. Bushes grow 3 to 4 feet tall. Plant two or more bushes for perfect pollenization. Plant them in shrub borders or as a hedge; they are a beautiful sight in full bloom, and you will enjoy their bountiful crops for years to come. One of the most beautiful flowering Cherries—a dwarf sensation.

### 2-yr. Field-Grown Plants

## Dwarf BEACH PLUM

630. The Beach Plum in full bloom is a thing of great beauty. Again a unique bush has been developed which is not only a beautiful ornamental but valuable for its fruit. Bears first or second year after planting. Beautiful white flowers; glossy green foliage. Hardy, and a vigorous grower even in poorest soil. Fruit is deep blue, sweet, good flavor. Heavy bearer. Dwarf—3 feet tall. Ripens in August. Small pit.

2-3 ft. trees .....	\$2.25	\$4.25

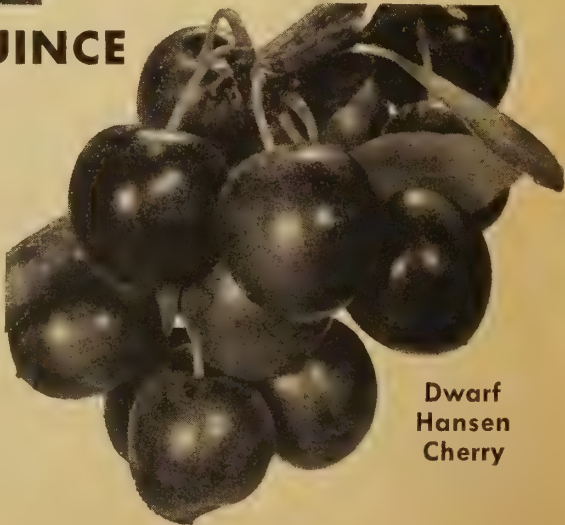

Dwarf  
Quince

## Dwarf ORANGE QUINCE

644. Hardy, dwarf-growing tree that seldom grows more than 8 to 10 feet at maturity. Bears a good crop of delicious fruits every year. Fruit ripens to a clear yellow and is highly desirable for jelly and preserves, dried fruits and baked goods. High in pectin. Trees are very ornamental in spring when branches are covered with shimmering pink blossoms. Hardy in all sections.

# Dwarf Fruit Trees

## DWARF APPLE TREES

Dwarf Apple Trees are in great demand by the grower with little space. These small trees grow about 8 to 12 feet at maturity, but will produce the same large size fruit as the standard trees. Very attractive in bloom and the fruit is easy to pick. They often start bearing the second year after planting.

**Important:** Plant with bud union 2 to 3 inches above surface of the ground. Limited supply. Order now.

Varieties: 614, Red Delicious; 620, Red McIntosh; 618, Lodi; 616, Red Jonathan.

# Best Modern Hybrid Tea Roses

## PATENTED EVERBLOOMING

### MOJAVE (Plant Pat. No. 1176)

1660. Winner of the only 1954 All-American Award for a hybrid tea. Introduced by Armstrong Nursery, Mojave takes its name from the famous California desert, and the name fits it perfectly because its rich coloring is typical of a desert sunset — glowing orange shot with flame-like tones of scarlet and vermilion. Mojave produces beautiful tapering buds which open to big, pleasantly fragrant, richly colored flowers. Mojave is a rose that everyone will want to grow because of its vigorous nature. **2-yr. No. 1 bushes, \$2.75 each; 3 for \$7.20, postpaid.**

### MIRANDY (Plant Pat. No. 632)

1664. Rich, glamorous, deep crimson blooms open from long, pointed ovoid buds. Blooms are large, very double, with 40 to 50 petals, freely borne on long stems. Excellent foliage is heavy in texture and covers the erect symmetrical branches. Bush is vigorous and sturdy, generally reaching 30 to 36 inches in height. Very penetrating damask fragrance. Especially fine for cutting. Has excellent lasting qualities. **2-yr. No. 1 bushes, \$2.00 each; 3 for \$5.25, Postpaid.**

### NEW YORKER (Plant Pat. No. 823)

1666. A truly red Rose. The dark color is clear and sparkling and the flowers are tremendous — often measuring 6½ inches across. The sturdy, upright plants are exceptionally vigorous and grow luxuriantly. Very profuse bloomer — blooms from June until cold weather. You will enjoy the delightful almost-Raspberry fragrance. Brings forth a wealth of perfect blooms all season long. **2-yr. No. 1 bushes, \$2.00 each; 3 for \$5.25, Postpaid.**

### PEACE (Plant Pat. No. 591)

1668. Winner of All-America Rose Selections for 1946. The ovoid buds are golden yellow etched with pink. As they open, they change from canary-yellow to pale gold, to iridescent cream. The petals are edged with appleblossom-pink that deepens as the glorious 5 to 6-inch blooms slowly open. The large blooms are carried on heavy, erect stems. Delicate fragrance. Attractive holly-shaped foliage. Hardy and disease resistant. Blooms until frost. **2-yr. No. 1 bushes, \$2.50 each; 3 for \$6.60, Postpaid.**

### HELEN TRAUBEL (Plant Pat. No. 1028)

1658. Unusually long, graceful buds with very large flowers of good form, fine substance and pleasing fragrance. Color varies — sometimes a light sparkling pink or more often a luminous apricot, even approaching orange at times. The plant has proven to be exceedingly vigorous. It is a good grower and free bloomer with excellent foliage and habit. **2-yr. No. 1 bushes, \$2.50 each; 3 for \$6.60, Postpaid.**

### BLANCHE MALLERIN (Pat. No. 2310)

1670. A rose of outstanding merit, vigorous growth and free flowering. The petals of the beautifully modeled blooms are as white as alabaster; with a live satin sheen. Strong, upright plants with healthy, dark green foliage. Blooms are carried on strong erect stems. Excellent for cutting and long lasting. **2-yr. No. 1 bushes, \$2.00 each; 3 for \$5.25, Postpaid.**

### FORTY-NINER (Pat. No. 792)

1662. One of the most brilliant bi-color Roses ever introduced. The outside of the petals is dazzling chrome-yellow, sometimes overlaid with pink, changing to straw-yellow in the open bloom. The inside of the petals is a vivid-orient-red changing to cherry-red with age. The yellow is most evident in the bud. These glowing colors contrast so vividly, yet harmonize so beautifully. **2-yr. No. 1 bushes, \$2.25 each; 3 for \$6.00, Postpaid.**

### CHRYSLER IMPERIAL

(Pat. No. 1167)

1652. Newest of the red Roses. An exciting, rich, vivid crimson-red. The color is further enhanced by vibrant overtones of dark oxblood red. The buds are long and tapering opening to very large blooms with 40 to 50 wide petals symmetrically arranged and overlapping. The bush is compact with abundant dark green foliage. Blooms continuously from spring to fall. Very free flowering. **2-Yr. No. 1 bushes, \$2.50 each; 3 for \$6.60, Postpaid.**

## FLORIBUNDA ROSES

FINE FOR BORDERS AND BEDS

### FASHION (Plant Pat. No. 789)

1652. Brilliant, luminous-coral flowers overlaid with gold; enticing "old rose" fragrance. The plant is a mass of exquisite buds and blooms from June until frost. **Each \$2.00; 3 for \$5.25, postpaid.**

### MA PERKINS (Plant Pat. No. 1143)

1660. 1953 All-America Winner! The color is a translucent coral touched with yellow at the base, in the bud stage, then a glowing coral-shell pink in full bloom. You'll want to add this sparkling new beauty to your Rose garden. **Each \$2.00; 3 for \$5.25; postpaid.**

### GOLDLOCKS (Plant Pat. No. 872)

1754. The perfect yellow Floribunda. Clear, golden yellow buds resembling Hybrid Teas open slowly into beautifully formed, pure golden-yellow blooms. **\$1.50 each; 3 for \$3.90; postpaid.**

### JIMINY CRICKET (Plant Pat. No. 1346)

1658. Exquisitely formed buds of tangerine-red become a blend of orange and vermilion tones as they open, softening later to coral-pink. The plant is upright and shapely growing 3 to 4 feet tall. Free flowering; fragrant. **\$2.25 each; 3 for \$6.00, postpaid.**

### MASQUERADE (Plant Pat. No. 975)

1662. A truly distinctive Floribunda — clusters of 10 to 25 buds open to blooms of yellow, red, pink, lemon and sometimes orange! All these colors appear at the same time, making a most effective display. **Each \$2.00; 3 for \$5.25, postpaid.**

### PINOCCHIO (Plant Pat. No. 484)

1668. Beautiful buds and flowers produced on long sprays. Color is a rich pink suffused with golden salmon. Exotic fragrance. Bush is hardy and very prolific, producing a mass of buds and flowers all season long. **\$1.50 each; 3 for \$3.90, postpaid.**

### RED PINOCCHIO (Plant Pat. No. 812)

1676. The 3½-inch flowers are borne in large, long lasting clusters. Buds and open flowers are a rich carmine which deepens and acquires a velvety cast; the glowing color lasting until the flowers wither and fall. **\$1.50 each; 3 for \$3.90, postpaid.**

### LAVENDER PINOCCHIO (Plant Pat. No. 947)

1666. Attractively formed blooms of true, clean lavender enriched by golden yellow stamens in the open bloom. The color varies at different stages. Free branching; continuous blooming. **\$2.00 each; 3 for \$5.25, postpaid.**

# EVERBLOOMING CLIMBING ROSES

Blaze

Crimson Glory

## **BLAZE** EVERBLOOMING

1702. Very double, well-shaped, blazing-red flowers produced in great quantities throughout the long blooming season. Makes a magnificent display all summer. \$1.50 each; 3 for \$3.90, postpaid.

### CLIMBING WHITE DAWN

1714. (EVERBLOOMING) Glistening, glacier-white, gardenia-shaped blossoms of medium size. They are very double with a captivating fragrance. The foliage is glossy and the growth is vigorous. Give your garden unusual splendor by planting this Climber liberally. \$1.50 each; 3 for \$3.90, postpaid.

### CLIMBING DR. J. H. NICOLAS

1706. (EVERBLOOMING) Pat. No. 457. Very large, deep rose-pink flowers are produced in great profusion during June, then intermittently all summer. Lovely rich fragrance. Easy to grow, requires little care. \$2.00 each; 3 for \$5.25, postpaid.

### CLIMBING GOLD RUSH

1708. (EVERBLOOMING) Handsome yellow flowers produced in abundance. The foliage is glossy and the growth vigorous. Unlike most hardy climbers, it will produce flowers on its new growth. Proven to be one of the best and hardiest yellow climbing roses. \$1.50 each; 3 for \$3.90, postpaid.

Dr. J. H. Nicolas

# Baby-Flowering

## GRANDIFLORA FLORIBUNDA & POLYANTHA ROSES

Masses of Color for

- BORDERS • BEDDING
- ROSE GARDENS • HEDGES

**CARROUSEL** (Pat. No. 1066). 1772. A beautiful Floribunda type rose of vivid red. The high centered flowers when fully open are often three to four inches across. Foliage is excellent and disease resistant. Has excellent keeping qualities as a cut flower. Grows 4 to 5 feet in height. **\$2.00 each; 3 for \$5.25, postpaid.**

**QUEEN ELIZABETH** (Pat. No. 1259). 1776. The All-America Winner for 1955. A lovely new shade of pure pink found only in the choicest Cattleya Orchids has at last been reproduced in Queen Elizabeth. First in a new class of roses, Grandiflora, with blooms borne regally single as well as in clusters. Foliage is glossy, deep green on almost thornless stems. It is exceptionally vigorous, producing a profusion of blooms all season. **\$2.75 each; 3 for \$7.20, postpaid.**

**RED CAP** (Pat. No. 1292). 1774. Large blooms in both clusters and individual blooms are borne in profusion on vigorous, 2 to 3 foot bushes. The wavy petaled

flowers open a bright vermillion gradually deepening to a rich velvety crimson which is even more attractive than the opening color. Bushes are upright and compact with glossy green foliage. Excellent for cutting. **Each \$2.25; 3 for \$6.00, postpaid.**

## HEDGE OR RUGOSA ROSES

**GROOTENDORST SUPREME.** 1790. An improved variety having large, fringed, cherry-red flowers borne on a fine, large, well-foliaged bush. Blooms are produced freely throughout the growing season.

**PINK GROOTENDORST.** 1792. Double, beautiful clear pink flowers produced on a strong plant. Everblooming baby Rugosa type blooms. Hardy and dependable. Excellent for hedges.

**SIR THOMAS LIPTON.** 1794. Snow white flowers of good size and unusual quality. Large cluster of flowers are freely produced throughout the growing season. Vigorous, healthy, glossy green foliage.

**HARRISON YELLOW.** 1796. Bright yellow, open, semi-double, fragrant flowers borne on long stems. Foliage is large, leathery and dark. Very vigorous and strong.

Postpaid	Each	2	4
2-yr. Field Grown bushes.....	\$1.15	\$2.25	\$4.25

# MODERN FAVORITES

HYBRID TEA

EVERBLOOMING ROSES

(A)

**CRIMSON GLORY.** (A) 1606. Well formed flowers of an intense deep vivid crimson shaded oxblood-red and mellowed by a soft velvety nap are produced in abundance all season. The plants branch freely, producing a well spread, yet compact bush of good symmetry. Flowers are perfect in form, bush vigorous and free flower. Excellent foliage and habit.

**ECLIPSE.** (B) 1608. Unquestionably the best all-purpose yellow Rose. The slim tapering buds open into brilliant golden yellow 3 to 4-inch blooms. The plants produce fresh new buds as fast as the old ones open. Blooms almost continuously all season. The flowers are borne on long, erect stems, suitable for cutting.

**PRESIDENT HOOVER.** (C) 1624. One of the most brilliantly colored roses. Long, reddish buds; flame and yellow flowers. Flowers are large and very exquisite. Plants are tall, upright in growth, with blooms borne on long stems.

**BLACK KNIGHT.** (D) 1602. Large, ovoid buds open to deep, rich dark red blooms with black shadings. The plant is vigorous and free-blooming. Excellent foliage and habit. Flowers are borne on long stems with excellent lasting qualities.

**PICTURE.** (E) 1616. Lovely deep pink buds opening to a warm glowing pink with undertones of salmon are produced in abundance. Enough petals so that the flower is substantial and long lasting without being too heavy. The plant is strong and vigorous. Blooms are borne on long stems making them excellent for cutting. Delightfully fragrant.

Emlong's have selected 10 outstanding  
 Roses for you. (Listed on pages 36 and  
 37.) Each variety is an exhibition beauty.

**K. A. VICTORIA.** (F) 1612. Considered one of the best  
 white roses of all because it blooms so freely and con-  
 tinuously no matter what the weather. The lovely snow-  
 white buds open to magnificent high-centered, fully  
 double flowers of pure ivory-white.

**BETTER TIMES.** (G) 1604. Beautifully formed brilliant  
 cerise blooms held proudly on long stems. A very pro-  
 nounced and enchanting fragrance. A hardy plant,  
 medium tall. The bush is strong and vigorous. Blooms  
 are fine for cutting. A favorite for many years.

**POINSETTIA.** (H) 1614. A true poinsettia-red of velvety  
 texture and non-fading color. Buds are long, pointed  
 and perfectly formed. A free-flowering variety that will  
 give you brilliant color and beauty, both in garden and  
 as a cut flower.

**EDITOR McFARLAND.** (I) 1610. Richly fragrant flower of  
 clear, brilliant pink. Especially noted for its perfection  
 of form and remarkable long-lasting quality. Healthy,  
 vigorous plants; free blooming; strong stems. Excellent  
 for cutting.

**ROUGE MALLERIN.** (J) 1622. Gorgeous double blooms of  
 brilliant red; penetrating damask fragrance; long pointed  
 buds. Plant makes a compact, erect growth, producing  
 an abundance of blooms and healthy foliage throughout  
 the season.

Boston Ivy

## BOSTON IVY

(*Ampelopsis Veitchi*)

1510. The best known and most popular of climbing plants. Very attractive, 3-lobed glossy green leaves. A rapid grower after established; clings to any surface. Will thrive in sunny or shady locations. Foliage turns scarlet in the fall. Valuable for wall coverings, tree trunks and posts. **2-yr., field-grown vine, 80c each; 2 for \$1.50; 4 for \$2.90, postpaid.**

Evergreen Bittersweet

## Everblooming **GOLDFLAME** Honeysuckle

1516. Beautiful flower clusters as large as your hand, cover the vines from June until frost. Curved petals and long stamens; brilliant rose-red outside and gold inside. Lovely for cutting. May be trimmed as vine, shrub or low hedge. Blooms profusely year after year; requires little care. **2-yr., field-grown plants, 90c each; 2 for \$1.70; 4 for \$3.20, postpaid.**

## HALL'S Fragrant Honeysuckle

1518. Dainty yellow and white blossoms intermingled, produce a beautiful effect all summer. One of the most fragrant of all Honeysuckles. Vines are hardy, vigorous growers; ideal for covering unsightly buildings, screening out undesirable views and softening harsh fence lines. **2-yr., field-grown plants, 75c each; 2 for \$1.45; 4 for \$2.75, postpaid.**

Silver Lace Vine

Gold Flame Honeysuckle

## SILVER LACE VINE

1520. Looks like a picture in a fairy-tale book with its myriads of snowy-white clusters of dainty blossoms. Blooms from summer until fall and is one of the fastest growing vines. The foliage is perfectly clean; insects do not bother it. Prefers a sunny location. Will grow 15 to 20 feet the first year after planting; clings to any support. Used extensively for covering unsightly buildings, barns and walls. **2-yr., field-grown, 80c each; 2 for \$1.50; 4 for \$2.90, postpaid.**

## EVERGREEN BITTERSWEET

1514. (*Euonymus Radicans Vegetus*.) A strong growing variety. Dark green firm leaves last through the winter and form an excellent background. Bears clusters of large red Bittersweet berries, which make good winter bouquets when dried. Will climb either brick or wood. Also adaptable as a shrub or as a ground cover. It is a valuable plant for shady places where a delicate evergreen is needed. **2-yr., field-grown, \$1.10 each; 2 for \$2.10; 4 for \$3.95, postpaid.**

## ENGLISH IVY (Green All Winter)

1512. A lovely vine as well as a splendid ground cover. The leaves are small and grow close together making a solid mass of dense, rich, glossy evergreen foliage. Foliage remains green all winter. It has many uses, from covering walls, rocks, tree trunks, and trellises to carpeting bare spots in shady places and edging beds and borders. Famous for long life. Mass effect can be created by planting 2 to 3 feet apart. **2 1/4 in. Pot Plants, 45c each; 5 for \$1.95; 10 for \$3.75; 25 for \$7.25; 50 for \$13.95, postpaid.**

# Evergreen **GROUND COVERS** FINE FOR SHADE

## PACHYSANDRA TERMINALIS

1528. A trailing plant with beautiful waxy green leaves that stay green all winter. One of the most valuable plants for use in densely shaded areas where grass will not grow, and the only plant that will thrive under pine trees. Plants make a dense growth and spread out rapidly and should be set 1 to 2 feet apart. Makes a beautiful low hedge for bordering walks and drives, and a splendid covering for steep banks, ravines and terraces. **5 for \$1.00; 10 for \$1.95; 20 for \$3.65; 50 for \$7.95; 100 for \$15.50, prepaid.**

## VINCA MINOR — MYRTLE

1526. Attractive, glossy green leaves and lovely violet-blue flowers make a very showy and effective ground cover. Used extensively under shrubs and trees and on graves; in fact, in any shaded areas where other plants will not grow. A trailing plant that spreads rapidly and makes a dense, compact growth. Plants are hardy and trouble free; will thrive in sun or shade. Suitable for edgings to shrub borders, along wooded paths, etc. **5 for \$1.10; 10 for \$2.10; 25 for \$4.75; 50 for \$8.25; 100 for \$16.00, postpaid.**

# TREE PEONIES

Truly the King of the Flowers in both size and beauty. Tree Peonies are a low, many branched shrub, growing to a height of 5 to 6 feet tall. Nothing can compare with its king-size blossoms. The flowers, which often measure 10 to 12 inches across, can be had in a variety of colors. Their texture is as fine as silk and they have a very pleasing fragrance. The stately trees are simply "loaded" with hundreds of blooms.

Tree Peonies are very hardy, long lived and disease resistant. Grow well in any climate with any good, well drained garden soil being satisfactory. Need very little care.

Now at last you can have Tree Peonies at a price never before dreamed of. We offer the following colors: Red, 2552; Pink, 2554; Purple, 2556; White, 2558.

**\$3.50 each**

**2 for \$6.50**

**4 TREE PEONIES, 1 each of the above four colors for only \$10.95**

## THUNDERCLOUD (Purple Leaved Plum)

1288. We consider this new variety an improvement over the more common types, particularly as to color. The foliage is a brighter, richer purple, which holds up throughout the season, providing a pleasing contrast among other trees and shrubs. Low-growing, compact habit; very ornamental and useful for lawn specimen and among shrubs.

Prices:	Each	2	4
2-3 ft. branched trees....	\$1.50	\$2.95	\$5.50
3-4 ft. branched trees....	1.85	3.50	6.50

## RED WEIGELA (Cardinal Shrub)

1426. In May and June the bush is completely covered with trumpet-shaped flowers from top to bottom with scattered blossoms throughout the entire season. If the flowers are cut off, they will bloom even more freely than if left on. The flowers, which are 1 to 1 1/4 inches across, are rosy-red. Makes a shapely bush 6 feet or so tall with attractive rich green foliage. It is easy to grow, requiring no particular soil. Thrives in full sun or part shade. It is a very desirable variety and can be used either as a specimen or in group plantings.

Thundercloud

## ABELIA GRANDIFLORA

1302. A beautiful shrub that remains attractive most of the year. The plant bears a continuous supply of pink and white flowers from early summer until frost. Foliage is glossy, looking as though it had been waxed. Leaves are practically evergreen. Grows to about 5 feet at maturity. Recommended for borders, in groups or alone. Can be used as a hedge in sunny or partly shaded areas. In cold climates, we suggest planting in a protected area. A grand, showy shrub that will provide a spot of color wherever it is planted.

Postpaid	Each	2	4
18-24 in. ....	\$1.50	\$2.85	\$5.60

## PIGMY RED LEAF BARBERRY Dwarf Growing

1326. New, low-growing plant that is perfect wherever rich color accents are desirable. Plants grow 8 to 12 inches tall and 15 to 24 inches across. The leaves are a lustrous, bronzy-red, and provide a sparkling color contrast to evergreen and shrub plantings. May be used along walks and for low borders. The brilliant red coloring is best when plants are grown in full sun. Be first in your locality to have this new introduction. Order today.

Postpaid	Each	2	4
2-yr. field-grown .....	\$1.75	\$3.35	\$6.50

# RED BARBERRY

1104. This beautiful new Barberry, valued for its brilliant red leaves, holds its rich color all summer and fall. Red berries remain through the winter. Makes a fine color contrast among evergreens and a whole hedge is gorgeously colorful; good for group plantings and corners also. Plant 18 inches apart in sunny location. Sturdy, well-branched bushes. Rust-proof variety. Grows about 3 feet high.

## BUDDLEIA

### Butterfly Bush or Summer Lilac

No other perennial or shrub gives such a brilliant lasting display of color so soon after planting. These bushes grow 4 to 5 feet this summer and bloom from mid-summer to late fall. Attracts rare butterflies. Cut off tops each fall. New tops grow each year and bloom on the new wood. Plant 3 to 5 feet apart. No special soil needed. Easy to grow, require little care.

1336. **ROYAL RED.** Newest of the brilliant tones. Deep wine-red color; makes striking bouquets.

1332. **DUBONNET.** Magnificent 12-inch flower spikes of glowing Dubonnet-red, produced in abundance.

1334. **ILE DE FRANCE.** A favorite deep purple. Bushes grow 4 to 5 feet high; a real beauty in full bloom.

1330. **CHARMING.** Delicate pink flowers on elegantly long spikes. Makes a bushy growth, about 5 ft. tall. **2 Yr. No. 1 Field Grown Plants**

## HYPERICUM (St. Johns Wort) – Hidcote Variety

1378. From a famous estate in England comes this new variety. It grows into a twiggy shrub about 36 inches tall and about 18 inches in diameter. Throughout the summer it is covered with waxy golden yellow cup-like flowers in a grand mass display. The flowers, which are about 2 inches in diameter, appear in late June and continue blooming until mid-October when shrub blooms are scarce. Very fragrant. In colder climates, the shrub freezes back to the ground, but springs up from the base each summer to produce its masses of brilliant blooms. It likes light, well drained soil and blooms longer in partial shade. We recommend this highly as being one of the best low-growing bushes.

## HYDRANGEA P. G.

1372. One of the showiest shrubs in cultivation. Immense, cone-shaped blooms of white appear in early summer turning to shades of pink and bronze as the season progresses. Grows 4 to 6 feet tall, blooming from mid-summer until frost. Thrives in sun or shade. Hardy everywhere. Fine for cutting, lasting a long time. A real beauty wherever planted.

## HYDRANGEA A. G.

1370. An upright shrub growing to a height of 3 to 4 feet with large, attractive heart-shaped leaves. Huge flowerheads of pure white are borne in early summer lasting until fall. It is an excellent shrub for foundation and border planting. Does well in either sun or shade. Perfectly hardy, thrives everywhere. A garden standout!

## BEAUTY BUSH

1328. Handsome, flowering shrub, upright in growth. In June, masses of bell-shaped pink flowers completely cover the graceful, arching branches of this charming shrub. Blooms are delightfully fragrant. Grows 6 to 8 feet tall in ordinary soil in either sun or partial shade. Has excellent foliage.

## Dwarf CRIMSON SPIREA

1412. The neat, rounded bush, 3 to 4 feet tall, is covered with crimson-red flowers arranged in large, flat clusters from June until fall. Dark green, pointed leaves. Excellent for foundation plantings, corners or as individual specimens. Makes a low bushy hedge that requires no trimming. Very hardy.

## TAMARIX RUBRA

1416. Deep pink flower spikes, 12 to 18 inches long, and delicate green foliage produce a charming lacy effect. Blooms all summer. Flowers and foliage are lovely for cutting. Grows 10 to 12 inches tall. Unsurpassed for screen or background. Thrives in sun or partial shade and any ordinary soil.

## PERSIAN LILAC

1390. A dwarf variety with slender, arching branches tipped with large loose cluster of fragrant purple flowers. A more profuse bloomer than the common variety. Can be used to advantage in groups, masses or in the foreground of taller growing shrubs. Their beauty and sweet fragrance are known by all.

## RED BARK DOGWOOD

1354. This charming shrub has long been a favorite and continues to be one of the most popular of flowering shrubs. Masses of tiny white florets form large, ball-shaped flower heads, followed later by clusters of berries. Glossy green foliage turns crimson in the fall. Grows 6 to 8 feet tall.

## CALYCANTHUS (Sweet Shrub)

1340. Commonly called Sweet Shrub. The handsome, bronze-chocolate flowers produced in June are most entrancing because of their spicy fragrance. Odd looking pods develop later which are filled with brown, aromatic seeds. During the summer the plant is neat and handsome with glossy, corrugated foliage. Grows 4 to 6 feet tall.

## FORSYTHIA SPRING GLORY

1360. A spectacular new Forsythia which bears large, pale yellow flowers which completely cover the branches in early spring before the leaves appear. Canes grow erect with gracefully drooping tips. Glossy green foliage. Grows 5 to 6 feet tall. Hardy in all sections of the country. If you desire a sparkling and cheerful display in your garden, try a planting.

Beauty Bush

Dwarf Crimson Spirea

Persian Lilac

Calycanthus

# RHODODENDRONS

## Excellent New Hardy Hybrids

One of the most elegant native plants. The Rhododendron is always a thing of beauty and if reasonable care is used in growing them, they are perfectly adaptable for use in most sections of the country for landscape work and foundation plantings. These hybrid varieties will provide a luxurious appearance when matured. Foliage is large, rich, glossy green and stays that way the year around. We cannot guarantee color and bloom, since these are hybrids, but shadings run from pink through the lavender shades to deep rose. They make a most effective display when planted in masses combining all colors for contrast and interest. These hybrid Rhododendrons do not require shade, in fact, they will do just as well in full sun with some shade needed in the South where the sun is extremely hot. They are easy to grow, but do prefer a loamy acid soil—a soil rich in organic matter. Rhododendrons have exquisite blossoms and luxuriant foliage rewarding you with lifetime beauty. These new hardy hybrids can withstand winter in the northern states and are perfectly adapted for landscaping.

## VIRGINALIS SNOWFLAKE

(Double Mock Orange) ➔

1420. Lovely double and semi-double flowers, pure white with golden stamens are borne in large clusters; have a delightful delicate fragrance. Blooms freely in June and July and occasionally thereafter. Shrub grows 6 ft. tall; good upright habit; thrives in sun or partial shade, ordinary soil and moisture. Bright green foliage. May be trimmed as desired. **2-yr Field-grown Plants.**

<b>Postpaid Prices</b>	<b>Each</b>	<b>2</b>	<b>4</b>

## GOLDEN SYRINGA

(Golden Mock Orange)

1414. Always a "showy" shrub because of its all-season golden yellow foliage. Flowers are intensely white, with a fragrance which is delightful and delicate. Grows to a height of 4 to 5 feet, and is not fussy about location—doing well in smoky and dusty places. We recommend that this fine plant should be in every garden. There just isn't anything like it. **12-15 in. plants, \$1.50 each; 2 for \$2.85, postpaid.**

## FORSYTHIA

(LYNWOOD GOLD)

1356. This beautiful new Forsythia originated in Ireland. The branches are erect and covered with golden yellow flowers from top to bottom. The flowers of Lynwood Gold are not only borne more profusely, but the individual blooms are better and fuller in form as well as of greater substance. Ultimate height 5 to 7 feet depending on conditions. It is superb for cutting and flowering in the house during the winter months. For a magnificent show in spring there is nothing like Lynwood Gold Forsythia.

## ← VIBURNUM BURKWOODI

1418. This Viburnum variety brings you the hardiness, rapid growth, beautiful foliage and general dependability of the family, plus a new loveliness of bloom. The blooms are **Gardenia scented** and are borne in ball-like masses of waxy, bluish-white. Their rich fragrance will envelop your whole lawn in the evening. Shiny, dark green foliage is attractive all summer. Grows 3 to 4 feet tall at maturity. Plant in well-drained location with plenty of moisture. This shrub will also thrive in sunless and smoky places. Burkwoodi is the real aristocrat among the Viburnums. 2-year field grown plants.

## GARDENIA VEITCHI (CAPE JASMINE)

2070. Enjoy this lovely flower indoors or out. An excellent shrub to plant on your terrace or in your sun room or plant it in pots and enjoy its exotic beauty all year. They produce an abundance of attractive blooms that are supreme. The blossoms are large, creamy white and are surrounded by rich foliage of thick, evergreen leaves. It is a very attractive plant even when not in bloom. Unequalled for its rich perfume; unexcelled for corsages or when worn in the hair. This plant will add charm and attractiveness to your home all year round. 95c each; 2 for \$1.85, postpaid.

Gardenia  
Veitchi

## Emlong's Hardy Large Flowering CLEMATIS

Without a doubt one of the most attractive and beautiful flowering vines. There is a profusion of gorgeous blooms in early summer followed by some blossoms throughout fall. The large flowers make an exquisite contrast against the rich dark green foliage. Unexcelled for porch and trellis planting.

**JACKMANI.** 1502. Bears a great profusion of large purple blooms, making a striking contrast against the foliage. One of the loveliest vines available.

**BARON VIELLARD.** 1504. A handsome, hardy climber bearing a profusion of pink blooms throughout the season.

**MAD LE COULTRE.** 1506. A strong vigorous variety producing glistening pure white flowers.

**VILLE DE LYON.** 1508. Showy red blooms are produced in great masses; very striking.

## ALTHEA Rose of Sharon

An old-time favorite, but worthy of a place in every modern garden. A very pretty, tall growing shrub with large, double rosette flowers and fancy green leaves. Blooms from late summer through the fall months when many other shrubs have finished blooming. Flowers are charmingly colored, brilliant and gay, and contrast beautifully with the dark green foliage. A very popular shrub for planting in the border, and well suited for screens or single specimens. Grows 6 to 8 feet tall; erect and well-shaped. Here is a real contribution to the summer flowering shrubs. Your choice of colors: 1306, Pink; 1308, Purple; 1310, Red; 1312, White.

# Novelty Fruits

## PERSIMMONS

742. You will enjoy the delicious, bright golden-orange fruits of this hardy and very ornamental tree for years to come. Sweet as honey, with a rich spicy flavor; highly prized for preserves and jelly. 2-3 ft. \$1.10 each; 2 for \$2.10; 4 for \$3.95, postpaid.

## DWARF NANKING CHERRY

720. Grows only 7 feet tall, and bears loads of bright red, delicious cherries—just reach up to pick them! Fruits ripen mid-July; delicious eaten fresh and in pies. 2-yr., Bearing Age, \$1.25 each; 2 for \$2.35; 4 for \$4.45, postpaid.

## HIGH BUSH CRANBERRY

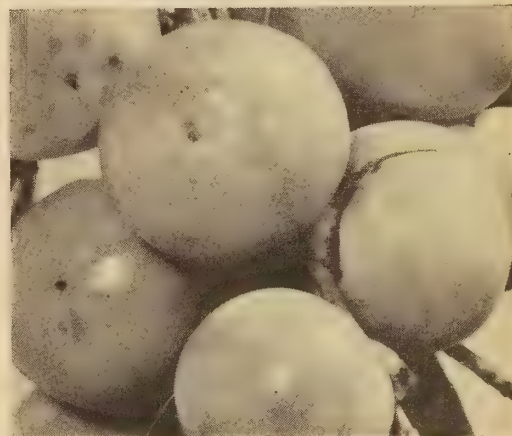

726. Great clusters of brilliant red berries appear in late summer and remain through most of the winter; very delicious for jelly. Clusters of white flowers appear in spring. 18-24 in. \$1.00 each; 2 for \$1.95; 4 for \$3.75, postpaid.

## JUNEBERRY

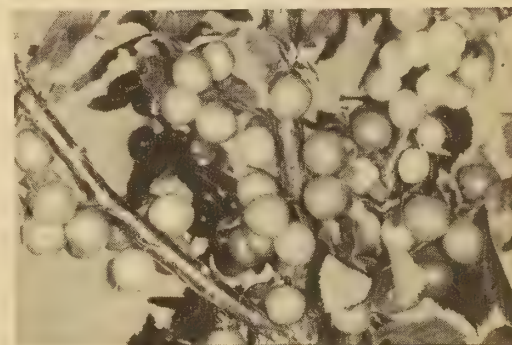

740. Delicious, wine-red berries produced in great abundance in June; excellent for jams and jelly. The shrub is one of the earliest to bloom in spring and is a breath-taking sight with its long, graceful racemes of delicate white blossoms. The silvery foliage, appearing after the flowers, make a fine contrast among other shrubs. The berries attract many species of birds. 18-24 in. \$1.10 each; 2 for \$2.10; 4 for \$3.95, postpaid.

## FIGS

640. Sure you can grow them! Our ever-bearing Figs are developed for growing in the North, as they do well in either tubs or out-of-doors; however they cannot be grown successfully outdoors north of Philadelphia. Plants bear the first year they are set out. Fruit is of good size, sweet and delicious. You'll want to be first in your locality to have this entirely different fruit. 2-3 ft. \$1.35 each; 2 for \$2.65; 4 for \$4.95, postpaid.

Peruvian Daffodil

I HAD RA-PID-GRO

# RA-PID-GRO

I NEED RA-PID-GRO

## "The Miracle Plant Food"

Contains Vitamin B<sup>1</sup> and B<sup>2</sup> Plus 11 Other Plant Food Elements

### What is RA-PID-GRO?

82. Ra-pid-gro is so easily prepared for use. Just add water at the rate of 1 pound of Ra-pid-gro to 22 gallons of water. Allow to dissolve and it's ready for use. Apply around the plants according to directions on the bag. For use on small numbers of plants mix at the rate of a teaspoonful to a quart of water. Also very valuable for use when transplanting. Dip plants in solution for 3 or 4 minutes.

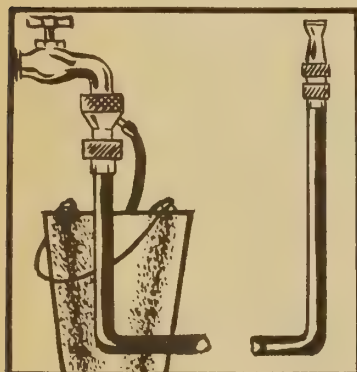

### Stop Expensive and Tragic Transplanting Losses

By using a large tub or pail and mixing Ra-pid-gro with water at the rate of 22 gallons of water to 1 pound, you have a solution in which to dip the roots of the plants before setting out. If this is done, you will practically eliminate transplanting losses. Trees, shrubs, roses, evergreens, and similar plants should be set in the solution 3 to 4 minutes. Berry plants 1 minute. Vegetable and house plants just dip and remove. Grass and vegetable seeds should be sprinkled with Ra-pid-gro before sowing. Use the solution for watering after setting out plants or sowing seed.

## HOZON

### Feed Your Lawn The Easy Way

66. Now you can feed your lawn while you relax under a shade tree. You simply use a lawn sprinkler and a "Hozon" that attaches to your hose-bib and siphons the proper mixture of Ra-Pid-Gro into the sprinkler hose. Two pounds of Ra-Pid-Gro will feed 2000 sq. ft. of lawn. Hozon \$2.25 each; postpaid.

No Discount

## ROSS ROOT FEEDER

Gets fertilizer right down to the roots where it does the most good. Ideal for watering and fertilizing trees, shrubs and rose bushes. Easy to use; attaches directly to garden hose.

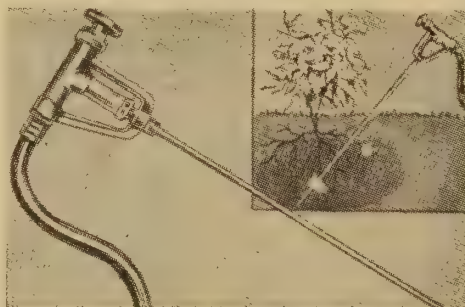

116. With 12 Complete Plant Food Cartridges, postpaid. No Discount .....\$4.95  
Additional Cartridges: Box of 12, Postpaid.

No Discount ..... 1.00

118. Neutral (8-16-8) for most shrubs, trees and roses.

120. Acid (10-20-20) for Azaleas, Blue Hydrangeas, Blueberries and other acid loving plants.

When ordering extra cartridges, kindly state which you desire.

## ALUMINUM SULPHATE

BLUEBERRY, RHODODENDRON, AZALEA and BLUE HYDRANGAEA FOOD

52. Since all of these acid loving plants are so unusual in their food demands regular fertilizers are not enough. Most fertilizers contain an excess of nitrogen and tend to force soft growth. These acid loving plants should have soil as near like natural wooded soil as possible. Mulch with leaves, grass clippings, humus, peat moss, etc.

If soil is not acid, the most reliable method is to water plants several times, at two-week intervals,

during the early part of the growing season by adding 3 ounces of Aluminum Sulphate to one gallon of water for an average size plant. Apply every two weeks. Keep ground moist.

### How Much Will I Need?

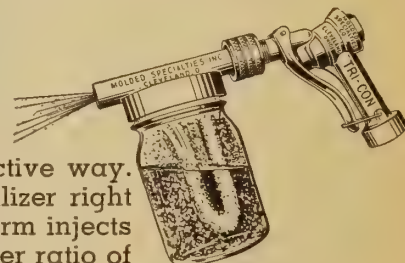

To estimate your season's requirements of Ra-pid-gro figure at the rate of 1 pound of Ra-pid-gro for each 100 pounds of other fertilizer you have been using. Or the manufacturer recommends the following: For a lot of 40 x 60 ft., with 15 shrubs, 20 ft. of hedge, 3 fruit trees, 2 evergreens, 12 roses, and 800 sq. ft. of lawn, 5 lbs. of Ra-pid-gro for a season's feeding. A lot 40 x 100 ft., with 25 shrubs, 3 shade trees, 4 fruit trees, perennial bed, a few grapes and raspberries, 10 evergreens, a small vegetable garden, and 1500 sq. ft. of lawn, requires 10 lbs. per season. A lot 75 x 150 ft., with 48 roses, 40 shrubs, 4 shade trees, perennials, 6 evergreens, hedge, vegetable garden, strawberry and raspberry patch, grapes, 10 fruit trees, and 4000 sq. ft. of lawn will require only 20 lbs. of Ra-pid-gro per season.

### Make This Test

Get 1 pound of Ra-pid-gro and mix as specified and apply to a small staked-off section of your lawn, or to a few selected rose bushes, berry plants, perennials, etc. At the end of 30 days you will be surprised at the difference between those fertilized with Ra-pid-gro and those left unfertilized. You'll be a booster for this remarkable and easy way to secure almost phenomenal results from your plants.

### Tri-Con Ra-Pid-Gro Dispenser

88. Now you can apply Ra-pid-gro this quick, clean, safe and more effective way. Tri-Con unit dissolves fertilizer right in the jar, then in liquid form injects it into main stream at proper ratio of fertilizer to each gallon of water discharged. Unit connects directly to garden hose. Trigger controlled valve shuts water off at will. \$5.95, postpaid. No Discount.

## New! WEED CANE

NOW --- AT LAST --- A NEW EASY WAY TO KILL WEEDS WITH THIS NEW EASY SELECTIVE APPLICATOR.

### Kills Weeds With Just A Squirt!

Place water and 2,4-D or other weed killer in easy-to-fill tube (measure is marked on tube). Place plunger foot on weed, press lightly and release -- the proper measured amount of spray will drench the weed.

Kills dandelions, plantains, thistles, lamb's-quarters and other broad leaf plants.

### Keeps Weed Killer Off Clover and Shrubbery

This selective applicator prevents killing clover and can be used close to shrubs and flowers without danger. One filling will provide approximately 350 applications, killing 1000 to 1500 weeds. Broad foot on plunger prevents sinking in soil.

Instructions for using clearly printed on each Weed Cane.

Press Cane Foot on weed, press lightly -- release. That's all

## MINUTE MAN HOSE REEL

64. The perfect thing for those troubled with the difficulty of storing long, cumbersome garden hoses. This ingenious hose reel is easily attached and neatly stores 70 to 100 feet of plastic hose. Easy to pull out; easy to reel up. Always neat, always ready for instant use. No more hose damage; no more hose tangle. Easily changed from one location to another with the aid of extra brackets. Simple to detach for winter storage. Durable construction. Only \$7.95, postpaid. Extra brackets only 75c each.

## SCRAM DOG REPELLENT

60. An easy way to keep dogs away from shrubs, lawns, porches, and other habitual stops for dogs. Scram Dog Repellent contains liquid animal bone oil; the odor that repels dogs. Easy to apply with shaker-type container. No mixing or preparation necessary. Not dangerous to animals or children; will not offend neighbors.

8 oz. Canister.....\$ .79, postpaid  
24 oz. Canister..... 1.95, postpaid

## CRAG HERBICIDE 1 WEED KILLER

62. Save work and keep your garden free from weeds with amazing new Crag Herbicide 1. Kills weed seeds as they germinate; especially recommended for use on strawberries, asparagus, sweet corn and glads.

Crag Herbicide 1 is completely different in its action from most weed control chemicals such as 2,4-D or contact herbicides, and can be sprayed directly on many established plants at the recommended dosage without causing injury. When in contact with the soil, however, it is changed to an active form which kills or stunts shallow planted germinating seeds as it is taken in through the young roots.

No worry about drift damage when you use Crag Herbicide 1. Just follow directions on the package. The effects last from 3 to 6 weeks.

4-oz. Package (treats 3000 square feet).....\$1.50, postpaid

## WEED-B-GON Improved Weed Killer

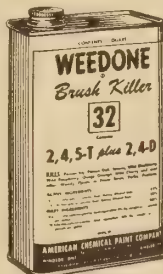

90. The hormone weed killer, containing 2,4-D and 2,4-5-T low volatile esters for use against Poison Ivy, Wild Morning Glory, Dandelion, Plantain, etc. Mixes readily with water for easy application with lawn and garden sprayer and can be "painted" or daubed at undiluted strength on undesirable plant life.

8 oz. package.....\$1.25, postpaid  
16 oz. package..... 1.95, postpaid

## WEEDONE BRUSH KILLER

92. Contains the more powerful butoxy ethanol ester of 2,4,5-T and 2,4-D, for the control of poison ivy, poison oak, wild blackberry, wild raspberry, honeysuckle, wild rose, wild cherry, elderberry, willow, hickory, buckbrush, sagebrush, certain species of oaks and pines and over 90 other woody plants. Does not kill the desirable grasses. No vapors to injure nearby susceptible crops. Non-poisonous to livestock or humans. Not recommended for lawn use.

8 Oz. Can.....\$1.69, Ppd. 1 Qt. Can.....\$3.95, Ppd.

## MO-GO MOLE KILLER KILLS MOLES AND GOPHERS

84. This is the best product known specific for these ground burrowing pests. Guaranteed effective. Directions for use: MOLES — If many runs prevail roll the turf, or tramp these down. When new runs appear insert a pointed stick into run at intervals of about 4 ft. Drop MO-GO into each opening and close by pressing the turf down. Do not touch the tiny MO-GO pellets with your hands as moles have a keen sense of smell. Just shake a few pellets into opening. Complete directions for use in killing moles and gophers with each package.

Large 3 1/2 oz. package.....\$1.00, postpaid

## ORTHO GARDEN FUNGICIDE

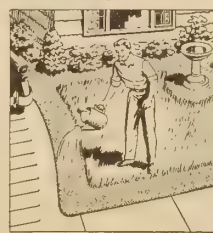

76. An outstanding fungicide containing 50% of the amazingly versatile fungicide Captan. Controls Black Spot on Roses, Powdery Mildew on Tuberous Begonias, Rot and Damp-Off on bulbs and seed cuttings; Seed Rot and Damp-Off on certain seeds. Brown Patch and other diseases on lawns; and many others. One of the safest fungicides known. Very simple to apply — as a spray or as dry seed treatment.

1/2 lb. Canister.....\$1.75, postpaid  
2 1/2 lb. Canister..... 4.95, postpaid

## NEW Chemical Lawn Edger!

## Stop-GRASS DELAYS GROWTH OF GRASS!

NO MOWING OR  
EDGING OF  
SPRAYED GRASS  
FOR 4-5  
MONTHS!

GRASS REMAINS  
SHORT AND  
BEAUTIFULLY  
GREEN!  
EASILY APPLIED  
WITH ORDINARY  
SPRAYER. DIS-  
SOLVES IN WATER!

Catalog No. 86

Just spray ONCE with amazing STOP-GRASS early in the season when grass turns green; this delays growth so you won't have to mow or edge grass for 4 to 5 MONTHS! Grass remains beautifully green. Spraying in late Fall inhibits growth of grass in the following year.

When grass along Connecticut parkways was sprayed with this material early in May it didn't have to be mowed right through September!

No more tiresome drudgery of mechanical edging of lawns and driveways in the hot summer! Let STOP-GRASS do it for you. STOP-GRASS is for use only along edges of lawns, curbs, roadways, fences, etc., where mowers don't work well. STOP-GRASS IS NOT FOR USE ON MAIN BODY OF LAWNS! USE ONLY FOR EDGING! Be sure to have STOP-GRASS on hand early, when you'll need it. Order today!

1 1/2 oz. (for 400 sq. ft.).....\$1.00  
4 oz. (for 1100 sq. ft.)..... 2.25

## SPRAYETTE Garden Hose Sprayer

98. No pumping — no mixing. Operates on water pressure from your garden hose. This amazing sprayer siphons, meters, mixes, and sprays automatically when you cover the suction vent with your thumb. Adjustable deflector gives a fine atomized spray for complete foliage coverage. Will spray up, down or horizontally. The sprayer has a one and one-half gallon capacity — yet weighs only one pound when filled. Must be cleaned thoroughly after use. Especially designed for spraying Ortho insecticides and fungicides. \$3.45 each, postpaid.

*Emlong's Famous*

# Huge Football Mums

## HARDY—BLOOMS OUTDOORS

The great improvement in large blooming Mum varieties enables us to offer garden varieties that compare equally in size with greenhouse varieties and the range of color is much wider. These world famous varieties that we offer produce huge exhibition blooms and should be disbudded to one bloom per stem, having several stems on each plant.

These are all 1952 introductions, having disease-resistant foliage and early blooms of medium height. The blooms are huge, of fine texture and will provide beautiful long-stemmed bouquets throughout the fall months. Flowers are up to 5 inches and are not the small 2-inch flowers you are accustomed to seeing on ordinary Mum varieties.

**HAPPINESS.** 2282. Clear pink, giant reflex blooms. Perfect shape.

**SUMMER SNOW.** 2272. Purest white. Reflexing form incurving towards the center.

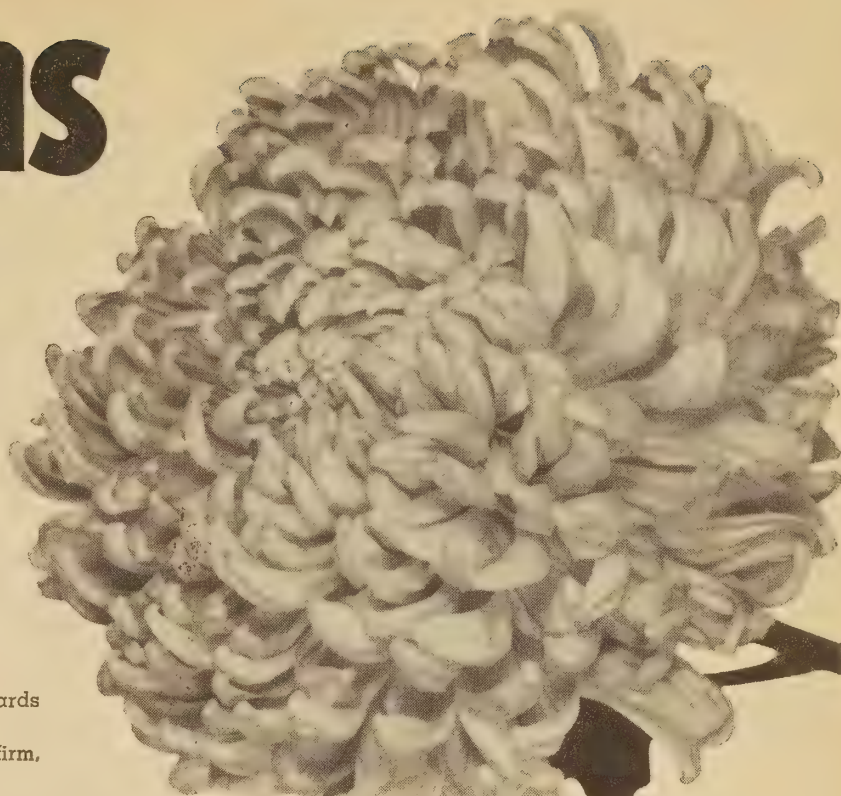

**MEDALLION.** 2268. Vivid golden yellow. Incurving blooms with firm, glossy petals.

**VOLCANO.** 2274. Rich orange-bronze, full, spiky-petaled flowers. Strong stems and good foliage.

**FLAXEN BEAUTY.** 2262. Decorative and striking bi-color flowers of Coral and Gold. Lovely for color variation.

**HEARTS DESIRE.** 2284. A gorgeous mauve pink, deeply reflexing blooms. 95c each; 2 for \$1.85; 4 for \$3.60, postpaid.

**G. K. JESSIMAN.** 2264. Large deeply reflexed blooms of amber-bronze. Good show variety.

**ALFRETON MASTERPIECE.** 2256. Bright chrome yellow. Large deep flowers with curling petals.

**CRIMSON MAGIC.** 2278. Full deep reflexing flowers of deep velvety crimson.

**DEREK ELLIS.** 2260. Full, incurving blooms of rich purple with silvery reverse. 95c each; 2 for \$1.85; 4 for \$3.60, postpaid.

## DECORATIVE CHRYSANTHEMUMS

- Long Stems
- Large Flowers
- Early Blooming

**COURTIER.** 2273. Lavender pink decorative. Compact growth, very frost resistant. A good early pot plant.

**HERO.** 2279. Gleaming bright scarlet-red to spectrum-red with yellow-bronze reverse. Very free flowering.

**ENCHANTMENT.** 2275. Extremely large flowers of a most pleasing lavender. A sturdy grower and prolific bloomer.

**MY LADY.** 2281. A lovely combination of gold with bronze-red shadings. In bloom practically all summer.

**MOGUL.** 2283. Full decorative of vivid orange rust. Vigorous upright growth.

**WHITE CLOUD.** 2285. Fully double four inch decorative blooms of pure white shading to cream in center. Sharply pointed petals. Wide tall plants produce masses of good cut flowers. Withstands heavy frosts without damage. By far the best new early white. Superior to Avalanche.

50c each; 2 for 95c; 4 for \$1.80; 8 for \$3.50, postpaid.

## CUSHION MUMS

Up to 600 Blooms per Plant

**DWARF GROWING — CUSHION TYPE**

**AUTUMN BLAZE.** 2246. Fully double flowers of bright orange with bronze tints. A veritable "blaze" of color for your garden.

**GLAMOUR.** 2248. An outstanding deep purple, non-fading. Fully double blooms; long lasting and very lovely in bouquets.

**FIREFLAME.** 2250. Here is a vivid fire-red that attracts attention wherever grown. Flowers are single.

**MIST O'PINK.** 2252. Beautiful shade of true pink. High centered, double flowers; long lasting.

**SPUNGOLD.** 2254. Double blooms of deep yellow. The color fairly glistens in the autumn sun.

45c each; 2 for 85c; 4 for \$1.65, postpaid

## Exciting Colorful IRIS

- AMINGO.** 2502. Light lavender foiled by deep purple-velvet. Flowers are medium in size, vigorous growing and very free flowering.
- BLUE SHIMMER.** 2504. Clear sparkling white with an all-over pattern of clear blue stippling. Extra large and full. Fine in every way and a strong grower.
- CITY OF LINCOLN.** 2506. Rich gold and mahogany-red variegated. Rather tall.
- ELMOHR.** 2512. Rich reddish-mulberry. Flowers are large and carried on tall stems.
- WABASH.** 2520. True Amoena. White standards. Ultramarine falls.
- GREAT LAKES.** 2510. 3 ft. Winner of the Dykes Medal in 1942. Light pure blue.
- ROSY WINGS.** 2518. A blending of soft amber-brown, red and pink with a conspicuous orange beard. Unusual and very beautiful.
- MINNIE COLQUETT.** 2516. A massive, ruffled bloom of white Plicata with a broad band of wine-purple stitching at the edges of the enormous flaring falls and the same color in the standards. A strong grower.
- FLORA ZENOR.** 2508. A melting cameo pink flower with deeper lines of pink or rose at the haft and a blazing shrimp-red beard.
- GOLDEN RUSSETT.** 2514. Enormous flowers measuring 7 inches across. Light golden.

75c each; 3 for \$2.10; 6 for \$3.95, postpaid.

## GLOXINIAS — Mammoth Flowering

No other flower can equal their beauty! These brilliantly colored flowers can be grown by anyone. The plants are easily grown in pots or can be planted outdoors in warm weather, preferably in a semi-shaded spot. The huge, velvety flowers make a handsome show and last for months. Blooms are trumpet-shaped with soft green leaves. The bulbs may be planted from

February until late May for a succession of flowers. **Colors:**

**ETOILE DE FEU.** 2850. Scarlet.

**EMPEROR FREDERICK.** 2852. Scarlet with white border.

**QUEEN WILHELMINA.** 2858. Pink and violet.

**EMPEROR WILLIAM.** 2856. Violet bordered white.

**VIOLACEA.** 2854. Blue and violet.

**35c each; 5 for \$1.50; 10 for \$2.85, Postpaid.**

## MT. SHASTA DAISY

2034. Beautiful new double-flowering Daisy that will add distinction to your garden. Pure white blooms with high tufted center and petals fringed at the edges, produced in abundance over a long season. Tough, wiry stems. Always showy in mass plantings and equally desirable as cut flowers. Plants very hardy. **60c each; 3 for \$1.75; 5 for \$2.75, Postpaid.**

# SUNBURST LOCUST

(Plant Pat. No. 1313) 1294. Now for the first time we can offer the newest of shade trees — **Sunburst Locust**. So called because 8 to 10 inches of the branch tips are covered with brilliant golden bronze foliage. The trees are more disease resistant than the common Locust and are completely free of thorns. It has excellent branching habits; it is symmetrical and broadly pyramidal. Hardy, long-lived trees that will grow in a wide range of soil and climate. Extremely beautiful planted as a specimen in your garden or lawn. One tree will dominate your garden — yes, even your neighborhood. So be the first to have this beautiful new tree . . . Order today.

5-6 ft. whips.....	5.50	10.50

## REDBUD → (Cercis Canadensis)

1280. Also known as Judas-tree. In early spring, large clusters of glowing rose flowers cover every branch and twig. After the spring blooming season, large, healthy, heart-shaped leaves appear. A graceful, small ornamental shade tree growing to a height of about 20 feet. It grows with very little care. Lovely for lawn specimens and in shrub borders, producing a breath-taking display every spring. Extremely decorative and highly recommended from every standpoint, since it is adaptable to a wide variety of soils. Most attractive throughout the season.

	Each	2	4
2-3 ft. branched..	\$1.40	\$2.75	\$5.25
3-4 ft. branched..	1.65	3.20	6.25

## BLUE HYDRANGEA (Nikko)

1374. This is the new hardy strain of Blue Hydrangea, which has immense flower heads 6-12 in. across lasting for many weeks. A deeper blue color can be maintained if a small amount of aluminum Sulphate is applied once or twice during the growing season. Blue Hydrangea grows best in partial shade growing 3-4 ft. tall. Our plants are well rooted **2-yr. field grown plants** (not greenhouse grown.) **\$1.75 each; 2 for \$3.25, Postpaid.**

## PINK HYDRANGEA

1376. Produces gorgeous pink flowers of immense size. Similar in growth habit to Blue Hydrangea. Plant in the same manner, but do not fertilize with Aluminum Sulphate. If soil is acid, apply lime. A choice plant of upright growth and perfectly hardy. Makes a fine display in combination with Blue Hydrangea. A "handsome" shrub. **2-yr. Field-Grown Plants, \$1.50 each; 2 for \$2.75, Postpaid.**

## American Holly ILEX OPACA

By far the most famous of the Holly family. A broad-leaf evergreen tree which has been acclimated to northern states. A moderate grower with spreading short branches tapering upwards to a narrow head. Broad, oak-like shiny leaves with spiny teeth. Tree is covered with berries in fall which remain on branches nearly all winter. Plant in fertile, well-drained soil, on the acid side. The use of Aluminum Sulphate in planting is recommended. Although the trees will grow 20 to 25 feet tall at maturity, it looks best to keep them trimmed to a compact size of 8 to 12 feet. Your choice of either 1366, male or 1364, female plants. Plant one of each for best results.

**LARGE  
FLOWERING**

# DAHLIAS

**COMMANDO. 2302.** The flowers are rich dark lavender. Huge blooms 10 to 14 inches across. Stems are slender, stiff, and erect. Very free flowering, excellent for cutting.

**D DAY. 2306.** An outstanding pink. Flowers are well-formed, of medium size and excellent for cutting. Tall and very productive.

**DR. TAYLOR. 2310.** The color is an attractive scarlet red. A very strong grower. Ideal for cutting or a bright show in the garden.

**FOREST FIRE. 2304.** Giant flowers on strong stems. Very attractive two-tone red and yellow Dahlias.

**MRS. GEO. LeBOUTELLIER. 2314.** Extra large flowers of crimson red. Vigorous and very productive.

**ROSE GLORY. 2318.** Exquisite blooms of deep, dark rose pink. Plant blooms very freely.

**ROYAL PENNANT. 2334.** Extremely large blooms of beautiful royal purple. Produced in abundance all season.

**SNOWDRIFT. 2320.** Large quantities of clear white flowers. Flowers well formed with good substance.

**THE COMMODORE. 2324.** Clear, canary-yellow. One of the largest yellows.

**W. T. TAFT. 2326.** A very large flower of clear, bright pink. Plants are vigorous, producing a profusion of blooms.

60c each; 3 for \$1.65; 6 for \$3.20; 12 for \$6.25, postpaid.

## FOXGLOVES

2046. Beautiful "wedding-bell" flowers in a wide range of solid and two-tone colors with dotted throats. Flower heads are 2 to 3 feet long, thickly clustered with large bell-shaped blossoms. For continuous bloom nearly all summer cut off old stems when flowers fade. A mass planting in beds or border will produce a truly charming effect. They may also be planted for a shady border or a woodland garden.

40c each; 3 for \$1.10, postpaid

## HARDY FERNS

2580. Especially good in those cool, shady problem spots. Ferns do well on the north side of the house or under trees—very useful for these cool, shady spots where grass and flowers won't do well. Excellent for naturalizing and are not bothered by tree roots.

45c each; 3 for \$1.25; 6 for \$2.35; 12 for \$4.45, postpaid.

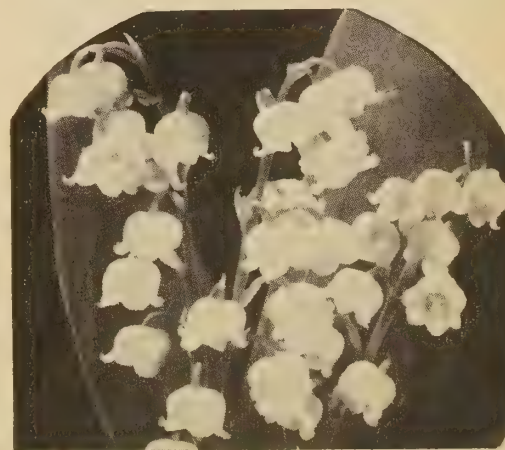

## LILY-OF-THE-VALLEY

2064. Everyone loves these delightfully fragrant white flowers. The exquisite, tiny waxy-white, bell-shaped blossoms hang from 10-inch stems. Attractive green foliage is ornamental all season. Plants are prolific growers and spread rapidly. They will thrive in either shade or full sun.

3 for 60c; 6 for \$1.00; 12 for \$1.75, postpaid.

## PHLOX SUBULATA

(Creeping Phlox)

Masses of dainty, colorful flowers cover the plants all through spring, completely hiding the attractive, moss-like, evergreen foliage. A perfect plant for terraces, banks, borders, walk edgings, the rockery; and invaluable for carpeting bare spots. Should be grown in full sun. Your choice of colors:

**Alba.** 2180. Pure white. Very effective for edging colorful borders.

**Laphami.** 2182. Beautiful lilac shade.

**Moerheimi.** 2184. Charming pink.

**Atropurpurea.** 2186. Deep carmine-red.

2 for 80c; 4 for \$1.50; 8 for \$2.85; 12 for \$3.85; postpaid.

## ASTILBE

Many attractive branched feathery heads in June and July. Fine for cutting. Grows to 20 in. As roots age stems become more and more numerous and more flower plumes appear.

**FANAL.** 2018. Intense red.

**GLADSTONE.** 2017. Clear white.

**PEACH BLOSSOM.** 2019. Light rose.

75c each; 3 for \$1.95, postpaid

## BLEEDING HEART

(Dicentra Spectabilis)

2022. One of the loveliest of the spring flowering plants. Bears numerous rosy-red heart-shaped, pendant flowers on long arching stems. Plants are very hardy and bloom over a long period. Its ornamental foliage makes this perennial desirable both for borders as well as interior decoration.

## SCABIOSA

(Pincushion Flower)

2078. Large, showy blue flowers, valuable for border and cutting. Blooms very freely from June to September. Plants grow 18 to 24 inches tall. Give best results planted in groups of three or more. **Field-grown plants, 45c each; 3 for \$1.25, postpaid.**

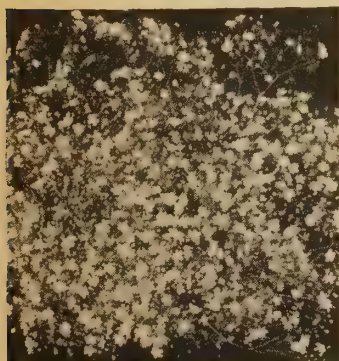

Gaillardia, Dazzler

Bluebird Veronica

Orange Butterfly Plant

Baby's Breath

## PINK LYTHRUM

2066. Hardy perennial plants. Show a great number of stems of bright pink flowers through late summer. Grows 3 feet tall with flower spikes 12 to 18 inches long, making a very showy display. Fine for shady areas in the garden, and around pools. Very substantial and easy to grow; will thrive in ordinary garden soil. Very effective in bouquets. **60c each; 2 for \$1.10; 4 for \$2.10, postpaid.**

Scabiosa

Pink Lythrum

Double Hollyhocks

Stokesia Aster • 57 •

## GAILLARDIA

**BURGUNDY.** 2048. Beautiful flowers of dark Burgundy-red with self-colored high tufted centers. Blooms profusely all season. 3 ft.

**DAZZLER.** 2050. Blooms are brilliant yellow centered with a disc of satiny maroon. Large flowers are borne on strong 2-foot stems.

**SUN GOD.** 2052. Rich golden-yellow. Immense blooms, hardy, easy to grow; will bloom all summer if flowers are cut, 2 ft. stems. **Your Choice of Colors. 45c each; 3 for \$1.25, postpaid.**

## ORANGE BUTTERFLY PLANT

2068. (Asclepias.) Sweet-scented, 3 to 4-inch flat clusters of the brightest orange flowers you ever saw. Attracts butterflies. Dwarf growing; very hardy, withstands severe winters and hottest summers. Very free flowering from July to fall. A splendid color addition to the perennial border. **Field-grown plants, 50c each; 3 for \$1.35, postpaid.**

## BLUEBIRD VERONICA

2082. The aristocrat of perennials. Heavy spikes completely covered with bloom. Deep rich blue color. Blooms freely providing a fine display from midsummer through fall. **Field-grown plants, 50c each; 3 for \$1.35, postpaid.**

## FEVERFEW

2042. Lovely, small, double, pure white flowers and luxuriant, finely divided foliage; make an effective display all summer. Plant 1 foot apart in sunny border. Bears a profusion of blooms that are perfect for bouquets. **Field-grown plants, 45c each; 3 for \$1.25, postpaid.**

## BABY'S BREATH

2020. (Gypsophila.) Popular, hardy perennial that produces great quantities of misty white snowflake blossoms. Much loved for its delicate appearance; ideal bouquet filler. Grows 12 to 18 inches tall. **Blooming-age plants, 45c each; 3 for \$1.25, postpaid.**

## DIANTHUS

2036. Beautiful, sweet scented flowers, produced in great quantities all summer long. Tall, erect stems, hardy, finely cut foliage, and are excellent for cutting. **Field-grown plants, 45c each; 3 for \$1.25, postpaid.**

## DOUBLE HOLLYHOCKS

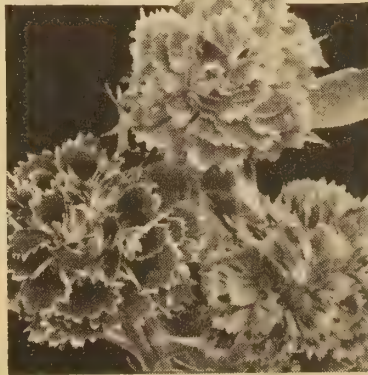

Magnificent double flowers are borne on long, graceful spikes about 5 feet tall. Blooms from mid-summer until late fall. Hardy, easy to grow. We have a complete range of shades to add a riot of color to your background plantings. Colors: **2299, Newport Pink; 2292, Chamois; 2298, Lilac Beauty; 2290, Maroon; 2294, Scarlet; 2296, Yellow. 45c each; 3 for \$1.25; 6 for \$1.95, postpaid.**

## STOKESIA ASTER BLUE MOON

2080. Large, 5 to 6 inch flowers of exquisite light blue are borne on upright 12 to 18 inch stems. Easily grown in sun or partial shade. An excellent plant for forefront of border. Blooms off and on all summer. **45c each; 3 for \$1.25, postpaid.**

Feverfew

Dianthus

# Sensational RED LEAF PEACH

1278. Bright red foliage appears early in the spring, changing gradually to deep maroon towards fall. Fragrant, deep-rose blossoms contrast beautifully with the colorful foliage. This sensational tree produces a full crop of small, perfectly round, edible Peaches, about 1½ inches in diameter. The Peaches are especially fine for pickling — flesh is white and has a delicious, sweet flavor. Fruits have an over-all red color, lightly spotted. Ripen quite late. Try a planting this spring.

Red Leaf Peach

## TULIP TREE

1236. One of the best known shade and ornamental trees. Tall, pyramidal habit with broad, bluish-green fiddle-shaped foliage. Inconspicuous tulip-like flowers appear in May and June and later long, cone-shaped fruits hang on the branches. It makes an excellent shade tree for the lawn or street and is tolerant of most city conditions. Planted for its ornamental value and pleasant shade.

	Each	2	4
4-5 ft. ....	\$2.25	\$4.25	\$8.25

## TREE HYDRANGEA

1296. The finest and choicest of all trees offered. The small tree, not exceeding 8-10 feet at maturity, has large panicles of flowers which are white when first appearing in early summer, changing to shades of pink and bronze as the season progresses. They are hardy, long-lived, and disease resistant. Grow well in any climate. Need very little care. A most handsome tree for ornamental planting, as a specimen, or in the foreground of high massed shrubs. The sparkle and beauty of a Tree Hydrangea in bloom is beyond description.

	Each	2
3-4 ft. ....	\$3.50	\$7.25

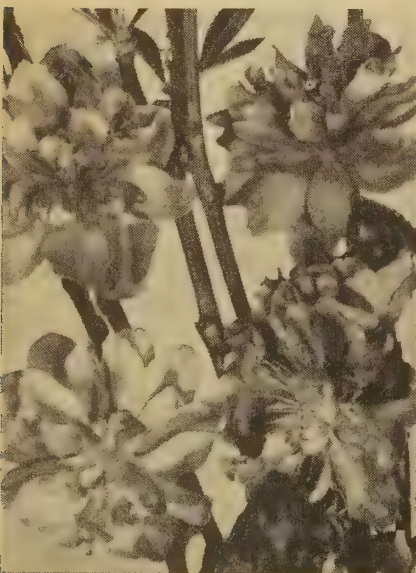

## FLOWERING PEACH

1276. Symmetrical spreading tree growing to a height of about 20 feet. The thousands of miniature Roses which blossom early in spring before the leaves appear present a vision of loveliness against the new green of an early spring lawn. Ideal as a specimen plant, or fine for group plantings.

# CARDINAL KING CRAB

## COLORFUL FLOWERING CRAB

1256. **CARDINAL KING** is a new, recent introduction and unquestionably the most colorful Flowering Crab ever produced! In full bloom, its beauty is truly breathtaking. Large, single blossoms of the most sparkling, crimson-red imaginable, literally load the branches in early spring, presenting a picture of gorgeous, flaming color. Give your yard new beauty and rich color accents by planting **CARDINAL KING** this spring. Whether used as a single lawn specimen, or among trees and Shrubs in your landscape planting, **CARDINAL KING'S** flaming beauty will make an impressive display. Trees are perfectly hardy and will thrive everywhere. Grow to a height of 15 to 20 feet at maturity.

cash orders

## MOUNTAIN ASH

1222. A most gorgeous ornamental shade tree that grows to a height of 40 feet forming a dense, thick head. In spring, the tree is covered with white flowers in flat-topped clusters followed in late summer by massive clusters of brilliant orange berries which literally bend the branches with their load. Berries remain throughout summer and into winter, adding to the attractiveness of this fine tree. The narrow leaves, which are formed in pinnate shape and arranged on frond-like branches, are a striking contrast to the flashy berries and smooth brown bark. Hardy, does well in northern states. Will thrive in any soil with very little care. If you desire a sparkling and colorful display in your yard in early spring right through late fall and winter, plant a tree now!

	Each	2	4
5-6 ft. ....	\$2.95	\$5.75	\$10.95
6-8 ft. ....	3.95	7.65	14.50

## FAASSEN BLACK MAPLE

1210. This unusual tree will afford a definite contrast to your other plantings of shade trees that passers-by will stop and gaze. The foliage is of excellent texture; being deep purple in color when it first appears, but becomes much darker as the season progresses until it is almost black in color. The contrast is breathtaking. Trees are perfectly hardy and retain their magnificent leaf color throughout the entire summer. The shape of the tree is excellent — compact and will grow into a fine shade tree. A superb tree for lawn, small or large, street trees or specimens for contrast among other trees. Complete your lawn with one or more of these outstanding trees for refreshing shade as well as colorful beauty. Supply limited. Order today.

Cardinal King Flowering Crab in Bloom

Paul's Double Flowering Thorn

## PAUL'S DOUBLE SCARLET THORN

1286. This beautiful double-flowering Hawthorn is one of the choicest ornamentals grown. Blooms in late spring with compact cluster of deep crimson-scarlet double flowers produced in immense quantities. The leaves are broad and are attractive both as to color and shape. Low-growing, spreading habit; ideally suited for the small garden or as specimens on the lawn. Very hardy and never fails to bloom. Well branched. An unusual and beautiful small tree you will enjoy in your garden or yard for many, many years.

Chinese Elm

## CHINESE ELM

1206. Rapid growing, hardy Siberian strain. Withstands cold winters, poor soil, drought and other unfavorable conditions. Artistic green leaves thickly produced, provide good shade. Fine for street, roadside parks, lawn specimens, etc. Height 75 feet at maturity. Plant 40 to 50 feet apart. Good windbreaks when planted close together. Well branched, well rooted trees.

## MULTIPLE BIRCH

1224. These are a special strain of beautiful American White Birch which produce three or more trunks from one root. Bark is white on 2 or 3 year old trees and stays white winter and summer. The dense foliage covers the fine, graceful branches to provide a beautiful contrast to the white bark. The foliage turns a pleasing yellow in the fall. Trees grow to a height of about 25 to 30 feet and grass will grow right up to the trunks. Perfectly hardy, easy to grow, thrives everywhere. Valuable for lawn specimens, near pools and river banks. The Birches, with their artistic white bark and attractive foliage are beautiful all seasons of the year. This is the most satisfactory of all birches. It gives a very attractive naturalistic effect to any yard. You will be proud to own one of these trees.

## PIN OAK

1228. Fastest growing of all the Oaks. Actually grows almost as fast as the American Elm. It is one of the most enduring of all trees. It grows in symmetrical, pyramidal form to a height of from 75 to 90 feet at maturity. The rich foliage is deeply cut and colors to a glorious coppery red in the fall. A sturdy, rugged grower, adapting itself to all locations. For street and lawn planting it has no equal. A tree planted now will be a great pleasure for many generations to come.

## PAPER WHITE BIRCH

1204. Lovely stately lawn tree, clean graceful and strong. Fast grower. Snowy white bark appears in a year or two and continues through maturity making a colorful contrast to the green lawn. Beautiful through all four seasons. Bright green lustrous foliage of rather bushy, spreading habit. Height at maturity about 60 feet. Paper White Birch will add charm to any landscape scene, whether used as a lawn specimen planted in groups of 2 or 3 or in groups of shrubs or other trees. No other tree surpasses it in grace and beauty.

## SYCAMORE

(American Plane Tree)

1234. (Platanus Occidentalis) Tree of many beauties! The ruggedness of this tree makes it particularly adapted for use as a street tree and in parks. It has interesting broad glossy green leaves and light colored bark. Grows medium height, about 40 to 50 feet tall, with an unusual branch arrangement. Disease resistant, hardy, succeeding under the most adverse conditions. All trees we send are well branched and well rooted.

WEeping WILLOW

The very beautiful weeping trees with long, slender, green leaves on branches sweeping gracefully to the ground. It grows rapidly to massive proportions and becomes more weeping with age. Exceptionally strong grower, very hardy. While trees grow best near water, they will tolerate drier places. Particularly effective along river banks, around pools and for accents on lawns. Adds beauty and value to your home. Height 55 feet at maturity. Well rooted, branched trees. **Your choice of Wisconsin Weeping Willow, 1242; or Niobe Golden Weeping Willow, 1240.** All trees are branched and well rooted.

	Each	2	5	10
4-5 ft. trees .....	\$1.30	\$2.25	\$5.25	\$ 9.95

8-10 ft. King size	3.95	7.75		

RIVES PURPLE BEECH

1282. Leaves come out a deep maroon in spring, turn gradually to a dark maroon-purple in summer, and in fall a rich purple-brown. Hardy and disease resistant. It is easily grown and long-lived. Medium to tall grower. Very valuable.

	Each	2
3-4 ft. branched trees .....	\$3.75	\$7.25

# Sensational MORaine LOCUST

(Plant Pat. No. 836)

## FAST GROWING SHADE TREE

1220. It gives us great pleasure to offer this sensational, new shade tree, because we believe the Moraine Locust so perfectly fills the needs of today. For the many new homes which have no shade trees whatsoever, it will provide good shade quicker than any tree we know of, and is superior in many ways to other fast growing trees, and it is easy to transplant.

### Grows Anywhere — Long-Lived — Seedless

The Moraine Locust is a hardy, drought-resistant tree that grows successfully on a wide range of soils. It will withstand the same extremes in temperature as the common Honey Locust and is as long-lived. Because the Moraine Locust is sterile, there are no unsightly seed pods to clutter up the lawn; non-fruiting habit also makes for better foliage.

### Beneficial to Lawns

The Moraine Locust forms a large, beautifully shaped head, similar in appearance to the American Elm. The finely cut foliage allows enough light to filter through to promote excellent growth of lawns, yet provides shade dense enough to discourage growth of crabgrass. Whether your need is for good shade quickly, or to replace undesirable trees, we believe you will agree the Moraine Locust is the answer. Try a planting this spring.

5 to 6 ft. Whips, \$5.00 each; 2 for \$9.80; 4 for \$19.20.  
5 to 6 ft. Branched, \$6.00 each; 2 for \$11.80; 4 for \$23.20.

Moraine Locust

# Silver Queen Maple

(Pat. Pending)

## No Seed Pods—Fast Growing—Hybrid Excellent Shade in a Very Short Time

1238. We are pleased to have the privilege of introducing this sensational hybrid Silver Maple to our customers.

As you know the Silver Maple has been an excellent fast growing shade tree for many years; its only fault was the production and shedding of seed pods that were such a nuisance. Consequently, Mr. Henry Kleine of Newport, Michigan, hybridized a maple for us that has developed into a wonderful fast growing, seedless tree.

The Silver Queen Maple is a drought resistant tree, hardy in all sections, and is adaptable to a wide range of soil types. It is a beautiful tree, has interesting cut leaf type foliage and is pyramidal in growth habit.

The rapid growth of this maple is the answer to the problem of our customers that want shade for their homes in a short time. It certainly won't be necessary to wait a generation for shade if you plant the Silver Queen.

We at Emlong's know that fast growing shade trees are desired by many new home owners throughout the United States and to many the cost of planting a large shade tree would be prohibitive. Silver Queen is the answer to this; lots of shade in a short time at a reasonable price. The supply is limited, order early.

# ORNAMENTAL TREES

## Crimson King Maple

(Plant Pat. No. 735). 1208. Truly the best Red Maple grown. In spring the foliage is a rich deep purple red which is carried through the entire season. Unquestionably, Crimson King is a superb tree for single specimens, along streets and driveways, and every landscape purpose; providing striking contrast among other trees. Sport of the well-known Norway Maple. Habits and growth similar to Norway. Crimson King is hardy and reaches 50 feet at maturity. For color accent all summer, plant Crimson King.

All trees we send are one year old tops and three year old roots. They start branching the first season.
